BACKGROUND:

On March 22, 2004, an application was processed for an Interior Design Sales/Service business license number: 2000175.310 to be located at 3310 East Charleston Blvd, Las Vegas, Nevada 89104.

All business license fees have been paid; all public safety inspections have been approved.

On April 12, 2011, a suspension of the business license was issued by the Director as a result of the recent events at the business location which resulted in the arrests of two individuals that were connected with a death of a woman who allegedly received cosmetic surgery procedure at the business location. There was no active business license for this type of business activity at this location.

Clark County Code 6.04.100 provides: The Board may upon complaint, or upon its own motion, cite any licensee to appear before it or its hearing officer at any time to show cause why the license of any licensee shall not be suspended or revoked or nonrenewed, and at or before the hearing, written charges shall be made against the licensee specifying therein the facts which form the basis of the charges. At such hearing, or any adjournment thereof, the licensee may present a reasonable number of witnesses, and such other evidence may be produced as may be relevant for the consideration of the board.

Staff recommends that the Board uphold the suspension of the business license and refer to a Hearing Officer for the licensee to show cause why license shall not be nonrenewed or revoked.
