Recommendation:

That the Board of County Commissioners approve the Qualification List for various public works construction projects, for the period from April 7, 2009 through December 31, 2009, with the option to renew the list for one, one-year period; or take other action as appropriate.

FISCAL IMPACT:

None.

BACKGROUND:

NRS 338.1373.1(a), allows the County to use a procedure to qualify general contractors and accept bids for public works construction projects only from bidders on a qualified list.

If approved, only the general contractors on the attached Qualification List will be allowed to bid on public works construction projects estimated over $250,000, which include buildings, parks, and other non right of-way projects, which are not federally funded. Road, flood, or specialty trade and other public work projects shall be excluded.

An ad-hoc committee comprised of individuals from the Clark County Department of Real Property Management, Business Development, Purchasing, and the Nevada Minority Business Enterprise reviewed and evaluated the applications submitted. There were a total of 70 applications submitted. Four of these applications required clarification documentation, and if determined qualified, they will be submitted to the Board of County Commissioners for approval. Two applications did not meet the qualification criteria.

The Qualification List will be in effect from April 7, 2009 through December 31, 2009, with an option to renew the list for one, one-year period. General contractors who wish to apply for qualification, to be added to the County’s Qualification List to bid on the above-referenced types of projects, may do so on a quarterly basis through the year(s) the list is in effect. Staff will monitor and evaluate the participation of the pre-qualified contractors in the bidding process and will report the results back to the Board of County Commissioners at a later date.
