CLARK COUNTY BOARD OF COMMISSIONERS
AGENDA ITEM

Issue: Approve and authorize the Chair to sign an agreement with Home Depot.

Petitioner: Ronald L. Lynn, Director

Recommendation:
That the Board of County Commissioners approve and authorize the Chair to sign an agreement between Clark County and Home Depot to enable Home Depot to sell "proof of permit" for certain types of permits to residents and contractors through kiosks at Home Depot stores. (For possible action)

FISCAL IMPACT:

Fund #: 5340
Fund Center: 1130530000
Fund Name: Clark County Building Department
Description: Signing an Agreement with Home Depot
Funded Program/Grant: N/A

None.

BACKGROUND:

This agreement is intended to enable Home Depot to sell "proof of permit" to its customers, collect the fee, and forward the permit information and fee related to Clark County permits to Clark County. An official permit will then be generated by the Building Department and sent to the permit owner. This system will be tested over the initial period of agreement (pilot proof of concept phase) to ensure that the process is viable. Once the testing is completed, a decision will be made as to the continuation with this project. In the event other vendors are interested in developing similar software and offer the service to their customers, the Building Department will work with the vendor to get a similar agreement approved. The convenience offered through this system will encourage customers purchasing appliances from Home Depot to pursue pulling a permit. The result is that proper inspections are conducted and public safety is enhanced.

Respectfully submitted,

Ronald L. Lynn, Director
