The meeting was called to order

PLEDGE OF ALLEGIANCE  
The Pledge of Allegiance was recited

PROCEDURES & CONDUCT  
The procedures and conduct were read

REGULAR BUSINESS  
1. The February 12, 2015 agenda was approved  
2. The January 15, 2015 meeting minutes were approved

PUBLIC COMMENT  
1. None

PLANNING AND ZONING  
1. None

COMMUNITY CONCERNS  
1. Update on the Water Legislation: There was a hearing about the two bills having to do with domestic wells. The first change proposed reads that if you are within 1000 feet of a water company distribution system you must hook up. Right now the distance is set at 180 feet. The water district in Las Vegas subsidizes the majority of expense for people forced to hook up to city water at the current distance of 180 feet but if the distance was changed to 1000 feet they would not have the money to subsidize. To lay 1000 feet of pipe would cost an estimated $40,000. This change seems to be aimed at other areas but all areas would have to comply and this would be problematic and expensive for our area and many others. A result of this discussion was to form a group that would try and
work out an agreement that solves this issue for all of the areas involved. The water bills are SB65 and SB81.

2. Correspondence was received about residential sprinklers and possible action should be taken: This proposal for change would not affect manufactured homes. Meggan will report back on how this would affect Indian Springs.

3. Review request for letter of support regarding the Casino gaming license: The drafted letter was read aloud. A motion was made to sign and accept the letter with the proposed location underlined. Motion passed, none opposed. There was discussion about the owners of the I.S. Casino being reluctant to employ and support the residents of Indian Springs. There was a concern that the casino would be moved closer to Las Vegas, outside of Indian Springs.

AGENCY & STAFF REPORTS

1. Creech Air Force Base: Invitations were passed out for Indian Springs Appreciation Day which will take place on March 10, 2015.

2. Las Vegas Metropolitan Police Department: No significant crime trends. There will be a large scale protest the first week of March. Calls could be delayed. There were comments made about people being approached and robbed around the Corn Creek area. The officer will be looking into complaints.

3. Indian Springs Volunteer Fire Department: Slow. Still need more people involved. Starting the planning of the 4th of July celebration. Road Kill Grill will be the caterer for that event. Creech supports and backs up our emergency response team but does not transport.

4. Clark County Department of Parks & Recreation: Have the same functions every month. They are trying to support the fire dept. with their 4th of July plans. There was some conversation about the date of Community Clean Up and an announcement that Little League try out will take place.

5. Indian Springs Schools: 1. The technology update at the school includes the fire alarm system. 2. The shade structures were fixed and replaced at the school.

6. County Liaison: The skate park lights are fixed. A cross walk at MacFarland and the frontage road will not be put in because there is no ramp there and a street light would have to be moved. When that area is developed, it will be revisited. Patriot Parks fulfilled the requirements set by the county to comply with code. The case was closed. Megan will continue to look into further development on this ongoing issue. There was concern about the lack of fog lines marked on the roads. An observation was brought up that the lights on the outside of the Community Center are on during the day and off at night. The light that the community uses to play basketball at night is broken.

7. Highway Patrol: Our officer has been in Indian Springs quite a bit and is making stops. He is working on avenues to obtain the needed heart machine for the Volunteer Fire Department. There was one highway fatality but otherwise just speed stops. The majority of stops are from the military.

TOWN ADVISORY BOARD MEMBER REPORTS AND BUSINESS

1. There was an addition to the “Fair Hearing” section. A motion was made to pass the bylaws. Motion passed, none opposed.
GROUP REPORTS
1. Visioning Process – Community development/infrastructure: More involvement is needed (preferably someone from the board) to get involved. More of Indian Springs’ roads need to be dedicated. It is necessary to remind the county that the East side of MacFarland is mostly low density and agricultural property. There is still a desire to keep high profile lighting from being implemented. There has also been a proposal for the need of generators to supply emergency power in an emergency situation during a power outage.

CORRESPONDENCE
1. Fae’s Country store is open for business and is located on Clark Lane next to the Oasis. They are looking for input and suggestions from community members.

PUBLIC COMMENTS
1. Johan Hamerski is seeking a letter of support from the Indian Springs Advisory Board for the implementation of a business that would require obtaining a concession on BLM property surrounding Indian Springs. The business would include driving and riding in military vehicles. An informational handout was passed out for review. An agenda item for possible action will be on the March agenda.

NEXT MEETING DATE
The next regular meeting will be Thursday, March 12, 2015 at 7:00 p.m.

ADJOURNMENT
The meeting was adjourned at approximately 8:40 p.m.
