BACKGROUND:

On July 5, 2005, the Board of County Commissioners (Board) approved a Ground Handler Operating Permit (Permit) between County and Worldwide Flight Services, Inc. (Permittee) to provide ground handling services at McCarran International Airport (Airport). The Permit was amended on November 8, 2006, to allow Permittee to provide vehicle tenant improvement ramp escort services. The Permit expired on June 30, 2010. County has negotiated a new Permit for the purpose of providing ground handling services and vehicle tenant improvement ramp escort services at Airport. The important provisions of this Permit are as follows:

- Term: Commence July 1, 2010, and will continue on a month-to-month basis not to exceed five (5) years. Permit may be terminated by either party with thirty (30) days advance written notice.
- Permittee will be allowed to provide ground handling services and vehicle tenant improvement ramp escort services at Terminal 1 and the east side of Airport, excluding Terminal 2.
- Permittee agrees to pay County three thousand five hundred fifteen and 68/100 ($3,515.68) dollars monthly rent and five percent (5%) of its gross revenues derived from all activities at Airport.

This Permit has been signed by an authorized representative of Worldwide Flight Services, Inc. and approved as to form by the District Attorney's Office. Following the completion of advertising, in accordance with NRS 496.090, this matter will be scheduled for final Board approval on March 15, 2011. Worldwide Flight Services, Inc. currently holds a Clark County business license.

Respectfully submitted,
