This grant is to provide for planning and training to prevent, mitigate and respond to hazardous materials incidents. Application and award of grants from the HMEP funds are managed pursuant to SERC policy 8.2 and 8.5. SERC policies may be reviewed at http://serc.nv.gov.

LEPCs are eligible for funding through this grant if they are in compliance with the Emergency Planning and Community Right-to-Know Act (EPCRA), Nevada Administrative Code (NAC) and SERC policies. Eligibility requirements can be found in SERC policies 8.1, 8.2 & 8.3.

The source of funding is derived from a federal grant from the U.S. Department of Transportation with a focus of preparation and response for incidents involving transportation of hazardous materials. Funds must be accounted for separate from all other grants. The Catalog of Federal Domestic Assistance (CFDA) number for this grant is 20.703.

Complete all forms and provide information in the format as outlined. All of the applicable sections of the template must be completed. Minor adaptations to the template may be made keeping the requirements and the purpose of the sections intact. Applications for funding must relate to prevention of, mitigation of, and/or response to hazardous materials incidents involving transportation.

Funds may only be used for expenditures incurred during the grant period specified on the subgrant award. The federal grant expires September 30 each year. Any unexpended funds at the end of the grant period will be deobligated.

Most grant applications will need to be approved by USDOT prior to preparation of a grant award. This process may take some time. Therefore, please consider the timing of the project request when submitting applications through the mid-cycle process. Please submit grant applications as soon as possible so we can start the federal approval process.

Grant funds are distributed on a reimbursement basis. However, the LEPC may request advance funding for expenses over $2,000 (SERC policy 8.5).

The application format is as follows:

I. **Goals** - Identify what the LEPC would like to accomplish with the requested grant funds to prevent, mitigate and/or respond to hazardous materials incidents involving transportation. Provide detailed proposed planning and training needs for the period ending September 30.

II. **Objectives** - Identify the specific approaches to achieve the goals through prevention of, mitigation of and/or response to hazardous materials incidents involving transportation. Objectives need to be specific and measurable.

III. **Line Item Budgets** - List each item as a line item on the budget page. The amount of remaining grant funds is the maximum amount that may be
requested. Please contact SERC staff for the current available amounts in the planning and training categories.

IV. **Budget Narrative** – Explain each item listed in the line item budget.

USDOT examples of eligible and ineligible expenses are available on our website: [http://serc.nv.gov/expenditures_activity_guide%20April%202013.pdf](http://serc.nv.gov/expenditures_activity_guide%20April%202013.pdf).
