¹ The definition of “financial entity” can be very broad (it is not limited to financial institutions and may depend upon whether an entity is “predominantly engaged in activities that are financial in nature” in the context of the Section of the CEA or the CFTC Regulation within which the term “financial entity” is used). A party should consult its legal counsel when making such determination.

- [ ] Financial Affiliate Exception
- [ ] Hedging Affiliate Exception
- [ ] Small Bank Exception

How does CP generally meet its financial obligations associated with entering into non-cleared swaps?

- [ ] A written credit support agreement
- [ ] Pledged or segregated assets (including posting or receiving margin pursuant to a credit support arrangement or otherwise)
- [ ] A written third-party guarantee

2 A “Yes” response to this question means that the Standing End-User Exception Election shall apply to each Swap that is otherwise subject to mandatory clearing unless CP has, prior to or at the time of the execution of a Swap, notified SD that it elects to clear such Swap in writing delivered in any form (including electronically). A “No” response or a non-response to this question will be an election not to provide SD with a standing notice that the CP elects the end-user clearing exception (and has no other effect).

3 The ISDA March 2013 DF Supplement provides that CP is deemed to represent at the time of execution of the relevant Swap that it has either made an annual filing pursuant to CFTC Regulation 50.50(b)(2) (an “Annual Filing”) or has notified its counterparty that it has not made such an Annual Filing and has provided SD with the information required to make the filing on a trade-by-trade basis (a “Trade Filing”). A “Yes” response to this question means the CP has opted not to provide notice that it will make an Annual Filing and that instead CP will make a Trade Filing. A “No” response to this question means that CP will make an Annual Filing prior to electing not to clear any Swap that is subject to mandatory clearing.

4 If CP has elected, or anticipates that it will elect, to use the End-User Exception and has notified SD that it has not made an Annual Filing or that it does not anticipate that it will make an Annual Filing, the questions included in this “Trade Filing Information” section may be answered by CP to provide SD with the information required to make a Trade Filing. A response to these questions is not necessary for a CP that (a) has not elected and does not anticipate that it will elect to use the End-User Exception or (b) has or will make an Annual Filing.

5 If there is more than one SEC Central Index Key number, as a result of multiple parent companies that are SEC Issuers/Filers, include all applicable SEC Central Index Key numbers.

<sup>6</sup> If a party elects “Yes,” additional changes may be required as a result of this election. The IECA strongly recommends extensive consultation with legal counsel before electing “Yes.”

<sup>7</sup> If CP is a “financial entity,” the documentation requirements of CFTC Regulation 23.504(b)(4) are mandatory. If such a CP does not elect to apply Schedule 3, CP and SD will need to address such requirements outside of the scope of this Amendment.

<sup>8</sup> If CP elects “Review,” the parties will engage in portfolio reconciliation in accordance with Part II of DF Schedule 4. If CP elects “Exchange,” the parties will engage in portfolio reconciliation in accordance with Part III of DF Schedule 4.
