Recommendation:

Approve and authorize the Chairman to sign an amendment, extending the interlocal contract between Clark County and the State of Nevada, Gaming Control Board, to provide the Gaming Control Board with various information technology services and access to computer programs for the period from July 1, 2009 through June 30, 2010.

FISCAL IMPACT:

None.

BACKGROUND:

The Information Technology Department is asking for approval to renew an existing interlocal through an amendment to the contract, between Clark County and the State of Nevada, Gaming Control Board, effective July 1, 2009 through June 30, 2010.

The Information Technology Department administers various business systems and applications, maintains custody of associated databases which contain public records, and provides the state with information processing services to facilitate access to these records. Amending and thereby extending the contract will provide the Gaming Control Board the ability to continue to access specific public records necessary for their business activities.

Either party may terminate this interlocal contract, without cause, by giving the other party written notice to that effect at least thirty (30) days prior to the effective termination date.

Respectfully submitted,

Laura Fucci, Chief Information Officer
