CLARK COUNTY BOARD OF COMMISSIONERS
AGENDA ITEM

Issue: Creation of New Positions in Public Works

Petitioner: Denis Cederburg, Director of Public Works

Recommendation:

That the Board of County Commissioners approve and authorize the creation of two Construction Management Inspector positions (C28), one Assistant Manager position (C31), one Engineering Technician I/II position (C25), one Plan Checker I/II position (C28), one Assistant/Associate Engineer position (C31), and one Office Specialist position (C22) in the Public Works Department to be funded by the Development Services Review Fund (5340). (For possible action)

FISCAL IMPACT:

Fund #: 5340.100
Fund Center: 1260130020
Description: Additional Positions

Fund Name: Civil Engineering
Funded Pgm/Grant: N/A
Amount: $646,852

Added Comments: The cost analysis was completed for seven positions and the capital costs associated with each position have been included in the total cost.

BACKGROUND:

Private development in unincorporated Clark County has increased creating a significant rise in submittals of drainage and traffic studies, maps, off-site plans, and calls for inspections. In order to meet the increase in demand for Development Review services, Clark County Department of Public Works is requesting seven new positions.

These new positions will be funded by fees collected from private developers for review and inspection services. There is adequate funding available to fund the additional positions.

Respectfully submitted,

DENIS CEDERBURG
Director of Public Works
DC:GMS\4-7-15
