BACKGROUND:

This agreement provides for an intergovernmental transfer (IGT) from Clark County to the Nevada Medicaid program for the purpose of funding the federally required state matching funds related to the Disproportionate Share Hospital program (DSH). The total benefit to University Medical Center is estimated to be $174 million in supplemental DSH payments, excluding any potential changes from proposed amendments to the DSH program.

Nevada Revised Statue (NRS) 277.180 authorizes any one or more public agencies to contract with any one or more other public agencies. This agreement is effective for three (3) years, beginning July 1, 2018, ending June 30, 2021.

Respectfully submitted,

Jessica L. Colvin, Chief Financial Officer
