DAVID ROGER DISTRICT ATTORNEY

By: CAROLYN CAMPBELL
Deputy District Attorney
An important side benefit of the workshop is the interaction and collaboration that takes place between participants from different departments. Successful asset management programs have an understanding of strategic asset management and now it applies to the District. A new way to implement or a District will begin with a full-day interactive workshop to introduce senior District staff to the strategic asset management concepts and trends. The purpose of the workshop is to reach a common understanding and share best practices. The immediate benefit is now implementation of strategic asset management in the organization.

The workshop will provide an overview of strategic asset management, potential benefits, and can enhance your organization.

Task 1.2 Asset Management Workshop

Based on the feedback from the program kick-off meeting, the MWHA team will revise the project.

- Review and confirm program deliverables
- Discuss OA/AR processes and risk mitigation
- Establish the schedule of meetings and workshops and schedule in District staff
- Identify main contacts and communication
- Discuss the project schedule and scope
- Program: The Primary purpose of the Kick-Off meeting is to:
  - Introduce the District Project Manager to initiate the project
  - Communicate meeting times and locations

Task 1.1 Project Kick-Off Meeting

moving forward with a strategic asset management program.

Asset Management Program Gap Analysis Assessment Program Scope

- A review of the District’s current asset management activities.
- An assessment of the District’s current asset management goals.
- Analysis of the organizational structure, roles, and responsibilities required to support strategic asset management.
- Understanding of the District’s current asset management capabilities and resulting service to customers.
- Programs that are predictable and scalable in their unique environments.

Workshop with a revised presentation document presented. The MWH team will incorporate any comments and revisions identified during the workshop. The key findings from the project and the final report will be summarized in a Final Recommendations Workshop. The MWH team will:

Task 2.4 Final Recommendations Workshop:

- The findings will be presented in the Final Recommendations Workshop.

This work will be undertaken over a period of two weeks after the solution workshops are complete.

- Comprise the recommended asset management study's findings and recommendations.
- Provide options for structure, roles and responsibilities.
- Create a snapshot of the gaps, themes and processes for the asset management work in the organization.
- Review the interview data in a workshop environment.
- Interview selected senior staff for their views.
- Work with you to determine what you see as key barriers and issues.

In a review of your organization's structure we will:

- Effectively match, roles and responsibilities to ensure implementation of asset management
- Design structure, roles and responsibilities to ensure implementation of asset management
- Achieve the project's goal of reducing the number of asset management issues and objectives.

Following the Solution Workshops, the MWH team will work within the District to find the best organizational model that will help the District achieve its asset management goals and objectives.

Task 2.2 Asset Management Organization:

- Work within the project's scope and resource constraints.
- For each reason, explore alternative actions and select those that are most practical to achieve.
- The MWH team will conduct a series of half-day working sessions with District staff over a two-week period to develop solution plans for the priority improvement areas identified.

Task 2.1 Solution Workshops:

- The team will conduct a series of half-day working sessions with District staff over a two-week period to develop solution plans for the priority improvement areas identified.
