**BACKGROUND:**

On March 3, 2009, the Las Vegas Valley Water District awarded Annual Requirements Contract (ARC) No. 2126-08 to Rebel Oil Company, Inc. This ARC is for the purchase of Biodiesel and #2 Diesel Fuel, based on the department’s approved budgeted appropriations. The contract’s initial term is from April 15, 2009 to February 28, 2010, with the option to renew for four one-year periods, and the option to increase the amount not-to-exceed 30 percent for each of the renewal terms. Clark County’s estimated annual usage is $2,600,000.

Approval of this item will authorize the County to utilize the ARC for the remainder of the term, and any renewal periods that may be exercised by the Las Vegas Valley Water District.

In accordance with NRS 332.195, a governing body or its authorized representative may join or use the contracts of local governments located within or outside this State with the authorization of the contracting supplier.
