CLARK COUNTY BOARD OF COMMISSIONERS
AGENDA ITEM

Issue: Approval of Annual Network Plan

Petitioner: Lewis Wallenmeyer, Director, Department of Air Quality

Recommendation:
That the Board of County Commissioners approve and adopt the Annual Network Plan; and authorize the Director of the Department of Air Quality or his designee to submit the Plan to the United States Environmental Protection Agency. (For possible action) (The plan is available to the public for viewing at the County Clerk’s Commission Division and Department of Air Quality.)

Amount: N/A

BACKGROUND:

As a requirement of 40 CFR Part 58.10, the Board of County Commissioners in their capacity as the air pollution control agency must adopt and submit an annual monitoring network plan to the United States Environmental Protection Agency (EPA). Prior to submission to EPA, the plan must be available for public inspection for at least 30 days.

The attached plan reports the status of the Clark County air monitoring network in 2013, as required by 40 CFR 58. It describes network operation in 2013, changes planned for 2014-2015, and ways in which network data is disseminated to the public in a timely manner.

DAQ provided notice of the public inspection period which ran from April 18, 2014 through May 18, 2014 on the DAQ website, DAQ front counter, and email distribution list. No public comments were received. Staff recommends that the Board approve and adopt the Plan and authorize its submission to EPA.

Respectfully submitted,

LEWIS WALLENMEYER, DIRECTOR
DEPARTMENT OF AIR QUALITY
