AGREEMENT FOR ENGINEERING SERVICES

CLARK COUNTY WATER RECLAMATION DISTRICT

AND

SLATER HANIFAN GROUP

THIS AGREEMENT is made and entered into this ___ day of April, 2015, by and between CLARK COUNTY WATER RECLAMATION DISTRICT (hereinafter referred to as "OWNER"), and SLATER HANIFAN GROUP,(hereinafter referred to as "ENGINEER"), for the, CCWRD PROJECT NO. 735 - COLLECTION SYSTEM CAPACITY UPGRADE - PACKAGE 7, (hereinafter referred to as "PROJECT").

WITNESSETH:

WHEREAS, the ENGINEER is properly registered and qualified in accordance with the Nevada Revised Statutes and has the personnel and facilities necessary to accomplish the required work within the required time.

NOW, THEREFORE, OWNER and ENGINEER agree as follows:

SECTION I

RESPONSIBILITY OF ENGINEER

A. The ENGINEER shall be responsible for the professional quality, technical accuracy, timely completion, and coordination of all services furnished by the ENGINEER, its subcontractors and consultants, and other sources, officers, employees and agents, under this AGREEMENT. In performing the specified services, ENGINEER shall follow practices consistent with generally accepted professional and technical engineering standards.

B. It shall be the duty of ENGINEER to assure that all products of its effort are technically sound and in conformance with all pertinent federal, State, and local statutes, codes, ordinances, resolutions and other regulations. ENGINEER shall not produce a design which violates or infringes on any patent rights. The ENGINEER shall without additional compensation, correct or revise any error or deficiencies in its designs, drawings, specifications, reports and other services and data or information obtained from other sources. The ENGINEER shall pay all damages, costs and expenses caused by, resulting from, or arising out of ENGINEER'S negligent performance in its design, drawings, specifications, reports and other services. Permitted or required approval by the OWNER of any products or services furnished by ENGINEER, including data or information obtained from other sources, shall not in any way relieve the ENGINEER of responsibility for the professional and
technical accuracy of its work. OWNER review, approval, acceptance, or payment for any of
ENGINEER’S services herein shall not be construed to operate as a waiver of any rights under this
AGREEMENT or of any cause of action arising out of the performance of this AGREEMENT, and
ENGINEER shall be and remain liable in accordance with the terms of this AGREEMENT and
applicable law for all damages to OWNER caused by ENGINEER’S negligent acts, errors or omissions
in performance of this AGREEMENT.

C. ENGINEER shall assign Brent Harland, Project Manager to manage the COLLECTION SYSTEM
CAPACITY UPGRADE - PACKAGE 7, CCWRD PROJECT NO 735. All services specified by this
AGREEMENT shall be performed by the ENGINEER’S Project Manager, key employees and sub-
consultants proposed by the ENGINEER under the personal supervision of the Project Manager. All
employees identified by the ENGINEER shall be subject to approval by OWNER’S representative. The
Project Manager, the key members of the project team, as well as any sub-consultants used on the
project are to be locally based in Clark County, Nevada and reside in the Clark County area for the
duration of the project. Any exception to this requirement shall be subject to approval by OWNER’S
representative. Should the Project Manager, or any key employee of ENGINEER be unable to
complete his or her responsibility for any reason, the ENGINEER will replace him or her with a
qualified person whom the OWNER’S representative finds satisfactory. If ENGINEER fails to make a
required replacement within 30 days, OWNER may terminate this AGREEMENT for default.

D. Drawings and specifications remain the property of the ENGINEER. A copy of all materials,
information, and documents, whether finished, unfinished obtained from other sources, or draft,
developed, prepared, completed, or acquired by ENGINEER during the performance of services for
which it has been compensated under this AGREEMENT, including without limitation detail
specifications, design calculations, data, studies, surveys, reports, correspondence, memoranda,
maps, models, photographs, drawings and audio or video recordings, shall be delivered to the
OWNER’S representative upon completion or termination of this AGREEMENT whichever occurs
first. Copies of the drawings and specifications retained by OWNER may be utilized only for its use
and for occupying the project for which they were prepared, and not for construction of any other
project. ENGINEER shall not be liable for damages, claims, and losses arising out of any reuse of the
plans and detail specifications on any other project without the written authorization of the
ENGINEER.

E. The ENGINEER shall not produce a design or specification which would be in violation of NRS
Chapter 338.

F. ENGINEER shall furnish OWNER’S representative copies of all correspondence to regulatory agencies
for approval and review prior to mailing such correspondence.
G. ENGINEER shall be responsible in obtaining data and documents from public officers or agencies and from private citizens and business firms whenever the OWNER determines that such material is necessary for the completion of the services specified by this AGREEMENT. ENGINEER will be responsible for accuracy of information or data supplied by other sources to the extent such information or data would be relied upon by a reasonably prudent professional engineer.

H. The ENGINEER agrees that its officers and employees will cooperate with the OWNER in the performance of services under this AGREEMENT and will be available for consultation with OWNER at such reasonable times with advance notice as to not conflict with their other responsibilities.

I. The rights and remedies of the OWNER provided for under this section are in addition to any other rights and remedies provided by law or under other sections of this AGREEMENT.

J. In providing opinions of cost, financial analyses, economic feasibility projections, and schedules for potential projects, the ENGINEER has no control over cost or price of labor and materials; unknown or latent conditions of existing equipment or structures that may affect operation or maintenance costs; competitive bidding procedures and market conditions; time or quality of performance by third parties; quality, type, management, or direction of operating personnel; and other economic and operational factors that may materially affect the ultimate project cost or schedule. Therefore, the ENGINEER makes no warranty that the OWNER’S actual project costs, financial aspects, economic feasibility, or schedules will not vary from the ENGINEER’S opinions, analyses, projections, or estimates. The provisions of this Paragraph J shall not, however, relieve ENGINEER from complying with professional standards in fulfilling the terms of the AGREEMENT, including opinions of cost, financial analyses, economic feasibility projects, schedules for potential projects, and data and information obtained from other sources.

K. ENGINEER shall comply with the OWNER’S Safety and Security Requirements provided herein as Exhibit G. The ENGINEER is required to read, initial each page of the Exhibit, and return it with signed Agreement.

SECTION II
OWNER’S RESPONSIBILITY

A. The OWNER agrees that its officers and employees will cooperate with ENGINEER in the performance of services under this AGREEMENT and will be available for consultation with ENGINEER at such reasonable times with advance notice as to not conflict with their other responsibilities.

B. The services performed by ENGINEER under this AGREEMENT shall be subject to review and approval by OWNER’S representative, Thomas A. Minwegen, General Manager, Clark County Water
Reclamation District. OWNER'S representative may delegate any or all of his responsibilities under this AGREEMENT to appropriate staff members, and shall so inform ENGINEER by written notice before the effective date of each such delegation.

C. The services to be performed by ENGINEER under this AGREEMENT shall be subject to periodic review by OWNER'S representative. The review comments of OWNER'S representative shall be reported in writing to ENGINEER by OWNER'S representative. To prevent an unreasonable delay in ENGINEER’S work, the OWNER'S representative will endeavor to examine all reports, drawings, specifications, and other documents and will respond in writing to the ENGINEER within twenty-one (21) calendar days of receipt of such documents. It is understood that OWNER'S representative's review comments do not relieve ENGINEER from the responsibility for the professional and technical accuracy of all work delivered under this AGREEMENT.

D. OWNER shall, without charge, furnish to or make available for examination or use by ENGINEER as it may request, any data which OWNER has available, including as examples only and not as a limitation:

1. Copies of reports, maps, plans, surveys, records, and other documents pertinent to streets, traffic, utilities, public properties, property developments and other physical features.

2. Copies of previously prepared reports, maps, plans, specifications, surveys, records, ordinances, codes, regulations, other documents, and information related to the services specified by this AGREEMENT.

ENGINEER shall return original data provided by OWNER.

SECTION III
SCOPE OF SERVICES

Services to be performed by the ENGINEER shall consist of the work described in Exhibit A of this AGREEMENT, which is attached hereto and made part of this AGREEMENT.

SECTION IV
CHANGES TO SCOPE OF SERVICES

A. The OWNER may at any time, by written order, make changes within the general scope of this AGREEMENT and in the services or work to be performed. If such changes cause an increase or decrease in the ENGINEER’S cost or time required for performance of any services under this AGREEMENT, an equitable adjustment shall be made and this AGREEMENT shall be modified in writing accordingly. Any claim of the ENGINEER for adjustment under this clause must be asserted in
writing within 30 days from the date of receipt by the ENGINEER of notification of change unless the OWNER grants a further period of time before the date of final payment under this AGREEMENT.

B. No services for which an additional compensation will be charged by the ENGINEER shall be furnished without the written authorization of the OWNER.

SECTION V
ADDITIONAL SERVICES OF ENGINEER

A. Additional services will be provided only as specifically authorized in writing by the OWNER’S representative and will consist of work described in the additional document provided by the OWNER. Any other work determined by OWNER as essential to efficient and timely completion of the project shall require formal amendment to this AGREEMENT.

B. The ENGINEER shall notify OWNER in advance of any additional costs which may be incurred prior to attending such meetings or public hearings as may be necessary to clarify the interpretation of the work performed by ENGINEER under this AGREEMENT.

SECTION VI
COMPENSATION AND TERMS OF PAYMENT

A. General Progress Payments:

The ENGINEER will be entitled to progress payments for services performed under Section III, Scope of Services in accordance with the completion of tasks indicated in Exhibit B, Milestones.

B. Compensation and Method of Payment for Engineering Services:

1. The OWNER shall pay the ENGINEER for services in Section III, Scope of Services, Exhibit A, Task 1 through 9 a fee not to exceed $406,594.

   Task 1 – Project Management (Lump Sum)
   Task 2 – Planning Study (Lump Sum)
   Task 3 – Pre-design / Basis of Design Report (Lump Sum)
   Task 4 – Detailed Design (Lump Sum)
   Task 5 – Bid Period Services (T & M)
   Task 6 – Engineering Services during Construction (T & M)
   Task 7 – Construction Field Administration (Lump Sum)
   Task 8 – Project Commissioning (Lump Sum)
   Task 9 – Contingency (Lump Sum)
   Task 10 – Additional Services (T & M)

2. Payment of the not to exceed amount shall follow the Board of Trustees approval and be in accordance with the ENGINEER’S estimate of the percentage of project completion
as approved by the OWNER’S representative. The OWNER’s obligation to pay ENGINEER cannot exceed the not to exceed fee amount. It is expressly understood that the entire work described in Exhibit A must be completed by ENGINEER and it shall be the ENGINEER’s responsibility to ensure that hours and tasks are properly budgeted so the entire PROJECT is completed for the said fee. Payment shall be due within thirty (30) days after the date of receipt and approval by OWNER’S representative of ENGINEER’s invoices describing the work performed to reach the milestone.

3. The OWNER agrees to pay ENGINEER for any services described in Section V: A, Additional Services of Engineer, only if the services are requested in writing by the OWNER’S representative. Payment will be in accordance with Exhibit C, Hourly Rate Schedule for additional services rendered in connection with the additional document provided by the OWNER. Additional services to be requested are identified as Task 10 under Scope of Services, Exhibit A. An amount up to, but not exceeding $63,406 may be authorized for services performed under Section V. Payment in accordance with this Paragraph 3 shall be in addition to the sums paid pursuant to Paragraph 1. Total contract amount not to exceed $470,000.

4. Simple interest at the rate ten percent per annum will be added to the unpaid balance, not including amounts withheld pursuant to Section VI:B:9, 10, or 13 of each invoice. The interest period shall commence sixty (60) days after date of receipt by OWNER of an acceptable original invoice as determined by OWNER’S representative and shall terminate upon date of payment. Payments will be first credited to interest and then to principal.

5. Invoicing for contract requirements are to be sent to the location as identified in the purchase order(s). Invoices are to be sent within thirty (30) calendar days of completion of work. Invoices for payment not submitted within this time period will not be considered for payment. Payment of invoices will be made within thirty (30) calendar days, unless otherwise specified, after receipt of an accurate invoice that has been reviewed and approved by the applicable department’s authorized representative. In accordance with NRS 244.250 OWNER shall not provide payment on any invoice ENGINEER submits after six (6) months from the date ENGINEER performs services, or provides deliverables or milestones. All invoices should include the following information:

A. Company Name
B. Complete Address (including street, city, state, and zip code)
C. Company Telephone Number
D. Contact person
E. Itemized description of services rendered (including dates)
F. OWNER’S Purchase Order Number
G. Company’s Tax Identification Number
H. Project and RFP/RFQ Number
I. Itemized pricing and total amount due (excluding Sales and Use Tax)
J. Company Invoice Number

ENGINEER is responsible to insure that all invoices submitted for payment are in strict accordance with the price(s) offered in the Agreement. If overcharges are found, OWNER may declare ENGINEER in breach of contract, terminate the Agreement, and designate ENGINEER as non-responsible if responding to future requests for proposal.

6. Request for payment shall be submitted on ENGINEER’s company letterhead. Billings shall be submitted no later than thirty (30) days following the last day of the billing period in an original and one copy to the OWNER’S representative.

7. Invoice requests should include only services rendered in the current billing period. Requests consisting of charges for services rendered after the current billing period will be rejected and returned unpaid.

8. Travel costs are not eligible for reimbursement by the OWNER and must not be included in the Agreement except for travel costs associated with the performance of additional services. The OWNER realizes that on certain complex projects, technical expertise may have to be procured from outside Clark County. In such cases, prior approval of the OWNER will be required for such travel. The ENGINEER shall submit a request to the OWNER’S Project Manager, consisting of a brief summary of the tasks involved and the “justification of need” for such travel. In the event that the OWNER agrees to pay for any of the ENGINEER’S travel expenses directly related to this work the following parameters shall apply: ENGINEER shall only receive reimbursement in the amounts that are consistent with the applicable travel guidelines established by the OWNER in the attached Travel Policy for Contractors/Consultants (Exhibit F). OWNER reserves the right to reject any and all expenses it considers not directly related to the work required herein. Original receipts are required to be submitted with invoices for all transportation (airfare/bus/rail), rental car, airport parking fees, and fuel. Fuel cost is reimbursed for rental cars only. No overhead and/or profit shall be permitted.

9. NRS 338.515 requires that the OWNER pay the ENGINEER not more than ninety-five (95) percent of the amount of any progress payments due under the Contract until the Engineer completes fifty (50) percent of the work required by the AGREEMENT.
Thereafter, the OWNER may pay any of the remaining progress payments without withholding retainage if satisfactory progress is being made in the work. *(The Project Manager is to notify Finance, in writing, once fifty (50) percent of the work required by the Contract is complete).*

NRS 338.520 requires that the OWNER pay the ENGINEER any outstanding payment due including retainage if the OWNER occupies or begins use of the project or portion of the project, a notice of completion for the project or a portion of the project is recorded or the OWNER partially occupies one or more buildings of the project.

NRS 338.525 allows the OWNER to withhold from a progress payment or retainage payment an amount sufficient to pay the expenses the OWNER reasonably expects to incur as a result of the ENGINEER’s failure to comply with the contract project schedule or applicable building code, law, or regulation. This includes the value of any incomplete, defective, or deficient work.

**Note: To ensure payments are made for work performed and project funded, the OWNER requires ENGINEERS to submit progress billings monthly.**

10. OWNER’S representative shall subtract from any payment made to ENGINEER all damages, costs and expenses caused by, resulting from or arising out of negligent errors or deficiencies in ENGINEER’S designs, drawings, specifications, reports and other services which have not previously been paid by ENGINEER.

11. In the event that ENGINEER contemplates the use of subcontractors to perform some of the services required herein it is understood and agreed that the above mentioned compensation includes a handling charge not to exceed five (5%) percent to reflect increased expenses to ENGINEER occasioned by utilization of such subcontracts. If such subcontractors are not utilized, or utilized to a lesser extent than originally projected, such compensation may be reduced accordingly. OWNER may require verification of all amounts paid subcontractors by ENGINEER.

12. Upon satisfactory completion by ENGINEER of the services called for under the terms of the AGREEMENT, and upon acceptance of such work by OWNER, which acceptance will not be unreasonably withheld, ENGINEER will, within sixty (60) days of OWNER’S receipt of such request, be paid the unpaid balance of any money due for such work, including the retained percentages.
13. OWNER may withhold any payment or portion thereof which is disputed until such time as the dispute is resolved without paying any interest associated with the payments withheld.

SECTION VII
AUDIT: ACCESS TO RECORDS

A. The ENGINEER shall maintain books, records, documents and other evidence directly pertinent to performance under this AGREEMENT in accordance with generally accepted accounting principles and practices consistently applied. The ENGINEER shall also maintain the financial information and data used by the ENGINEER in the preparation or support of the cost submission and a copy of the cost summary submitted to the OWNER. The OWNER, and the State of Nevada Department of Conservation and Natural Resources, Division of Environmental Protection or any of their duly authorized representatives shall have access to such books, records, documents and other evidence for the purpose of inspection, audit and copying. The ENGINEER will provide proper facilities for such access and inspection. Negotiated fixed rates will not change due to an audit.

B. Audits conducted pursuant to this provision shall be in accordance with generally accepted auditing standards and established procedures and guidelines of the reviewing or audit agency(ies).

C. The ENGINEER agrees to the disclosure of all information and reports resulting from access to records pursuant to paragraphs A and B above, to any of the agencies referred to in paragraph A above, provided that the ENGINEER is afforded the opportunity for an audit entrance and exit conference and an opportunity to comment and submit any supporting documentation on the pertinent portions of the draft audit report, and that the final audit report will include written comments of reasonable length, if any, of the ENGINEER.

D. Records under paragraphs A and B above shall be maintained and made available during performance under this AGREEMENT and until three years from date of final payment for the project. In addition, those records which relate to any arbitration appeal, or litigation, or the settlement of claims arising out of such performance, or costs or items to which an audit exception has been taken, shall be maintained and made available until three years after the date of resolution, litigation, claim or exception.

SECTION VIII
SUBCONTRACTS
A. Services specified by this AGREEMENT shall not be subcontracted by the ENGINEER, except as identified in the ENGINEER’S cost proposal, without prior written approval of OWNER.

B. Prior to considering ENGINEER’S request to subcontract or change subcontractors the ENGINEER shall provide a one or two page written report to OWNER stating what talents, skills and experience the subcontractor brings to the project to include past performance of subcontractor in management ability, cost control, timely performance and thoroughness of work on projects similar to OWNER’S project.

C. Approval by OWNER of ENGINEER’S request to subcontract or to change subcontractors or acceptance of or payment for subcontracted work by OWNER shall not in any way relieve ENGINEER of responsibility for the professional and technical accuracy and adequacy of the work. ENGINEER shall be and remain liable for all damages to OWNER caused by negligent performance or nonperformance of work under the AGREEMENT by ENGINEER’S subcontractor or their sub-subcontractor.

D. The compensation due under Section VI shall not be affected by OWNER’S approval of ENGINEER’S request to subcontract.

SECTION IX
TIME SCHEDULE

ENGINEER shall furnish OWNER’S representative the final schedule for performance of services not later than ten (10) calendar days after ENGINEER receives written notice to proceed from OWNER’S representative. The schedule shall set forth not more than (978) calendar days from Notice to Proceed for Tasks 1 through 10 as a period of time which may reasonably be required to complete the services identified in Exhibit A, including any additional services authorized by the OWNER, and shall terminate on 12/22/2017. The format of the schedule for performance of services shall be based on a cost-loaded, task-oriented diagram. In preparing the project schedule, the ENGINEER will provide a twenty-one (21) calendar day allowance for each OWNER review period. If the ENGINEER’S performance of services is delayed or if the ENGINEER’S sequence of tasks is changed, he shall notify the OWNER’S representative in writing of the reasons for the delay. The ENGINEER shall then prepare a revised schedule for performance of services and submit the revised schedule to the OWNER’S representative. The ENGINEER shall perform and complete the work according to the schedule furnished to OWNER’S representative. If the ENGINEER is delayed by conditions within his control, as determined by OWNER after consultation with the ENGINEER, OWNER shall have the right to increase the percentage withheld from monthly payments under Section VI.B of this AGREEMENT until such time as the ENGINEER has
complied with the schedule requirements or presented an acceptable plan for such compliance. Such withholdings by OWNER will not require payment of interest under the provisions of Section VI:B.

Owner reserves the right to extend this AGREEMENT for up to one (1) year from its termination date for any reason, if the AGREEMENT is performed to the OWNER’S satisfaction. During the initial AGREEMENT period, and any subsequent renewal periods, ENGINEER agrees to provide services as required by the OWNER within the scope of the AGREEMENT. ENGINEER will not be paid for work and/or services performed beyond the termination date without prior written approval of OWNER. All ENGINEER proposed time extensions must obtain prior written approval of OWNER. OWNER shall not be responsible for work and/or services performed by ENGINEER during the proposed extension period without prior written approval.

SECTION X
MISCELLANEOUS PROVISIONS

A. Suspension

OWNER may suspend performance by ENGINEER under this AGREEMENT for such period of time as OWNER, in its sole discretion, may prescribe by providing written notice to ENGINEER at least ten working days prior to the date on which OWNER wishes to suspend. Upon such suspension, OWNER shall pay ENGINEER its compensation, based on percentage of project completion, earned until the effective date of suspension less all previous payments. ENGINEER shall not perform further work under this AGREEMENT after the effective date of suspension until receipt of written notice from OWNER to resume performance. In the event the OWNER suspends performance by ENGINEER for any cause other than the error or omission of the ENGINEER, for an aggregate period in excess of thirty days, ENGINEER shall be entitled to an equitable adjustment of the compensation payable to ENGINEER under this AGREEMENT to reimburse ENGINEER for additional costs occasioned as a result of such suspension of performance by OWNER.

B. Termination

1. This AGREEMENT may be terminated in whole or in part by the OWNER for its convenience; but only after the ENGINEER is given thirty (30) days written notice.

2. This AGREEMENT may be terminated in whole or in part by either party in the event of substantial failure of the other party to fulfill its obligations under this AGREEMENT through no fault of the terminating party; but only after the other party is given:
   a. not less than ten days, written notice of intent to terminate; and
b. an opportunity for consultation with the terminating party prior to termination.

3. If termination for default is effected by the OWNER, the OWNER will pay ENGINEER that portion of the compensation which has been earned as of the effective date of termination but:
   a. no amount shall be allowed for anticipated profit on performed or unperformed services or other work; and
   b. any payment due to the ENGINEER at the time of termination may be adjusted to the extent of any additional costs occasioned to the OWNER by reason of the ENGINEER’S default.

4. If termination for default is effected by the ENGINEER, or if termination for convenience is effected by the OWNER, an equitable adjustment in the compensation shall be made, which shall include a reasonable profit for services or other work performed up to the effective date of termination less all previous payments.

5. Upon receipt of a termination notice pursuant to paragraphs 1 and 2 above, the ENGINEER shall:
   a. promptly discontinue all services affected (unless the notice directs otherwise); and
   b. deliver or otherwise make available to the OWNER all materials, information and documents as defined in Paragraph D of Section I, Responsibility of the ENGINEER.

6. Upon termination pursuant to paragraphs 1 and 2 above, the OWNER may take over the work and prosecute the same to completion by agreement with another party or otherwise. Any uncompleted work of the ENGINEER delivered to the OWNER due to cancellation of all or portions of the work or contract termination, which is utilized by the OWNER in any way, shall have the ENGINEER’S name and seal removed.

7. If after termination for failure of the ENGINEER to fulfill contractual obligations it is determined that the ENGINEER had not so failed, the termination shall be deemed to have been effected for the convenience of the OWNER. In such event, adjustment of the compensation provided for in this AGREEMENT shall be made as provided in paragraph 4 of this section.

8. The rights and remedies of the OWNER and the ENGINEER provided in this section are in addition to any other rights and remedies provided by law or under this AGREEMENT.

9. Neither party shall be considered in default in the performance of its obligations hereunder, or any of them, to the extent that performance of such obligations, or any of them, is prevented or delayed by any cause, existing or future, which is beyond the reasonable control of such party.

C. Covenant Against Contingent Fees

The ENGINEER warrants that no person or selling agency has been employed or retained to solicit or secure this AGREEMENT upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, excepting bona fide permanent employees. For breach or violation of this warranty,
the OWNER shall have the right to annul this AGREEMENT price or consideration or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee.

D. Gratuities

1. The OWNER may, by written notice to the ENGINEER, terminate this AGREEMENT if it is found after notice and hearing by the OWNER that gratuities (in the form of entertainment, gifts, or otherwise) were offered or given by the ENGINEER or any other agent or representative of the ENGINEER to any officer or employee of the OWNER with a view toward securing a contract or securing favorable treatment with respect to the awarding or amending or making of any determinations with respect to the performance of this AGREEMENT.

2. In the event this AGREEMENT is terminated as provided in paragraph 1 hereof, the OWNER shall be entitled:
   a. to pursue the same remedies against the ENGINEER as it could pursue in the event of a breach of the contract by the ENGINEER; and
   b. as a penalty in addition to any other damages which it may be entitled by law, to exemplary damages in an amount (as determined by the OWNER) which shall be not less than three nor more than ten times the costs incurred by the ENGINEER in providing any such gratuities to any such officer or employee.

3. The rights and remedies of the OWNER provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this AGREEMENT.

E. Insurance

ENGINEER shall procure and maintain, at its own expense, during the entire term of this AGREEMENT, the following insurances:

1. Insurance as required under the Nevada Industrial Insurance and Occupational Disease Acts; such insurance will protect it and OWNER from claims by ENGINEER due to sickness, disease or injury.

2. Comprehensive general liability (bodily injury and property damage) insurance with respect to ENGINEER’S agents and vehicles assigned to the prosecution of work under this AGREEMENT in a policy limit of not less than one million dollars ($1,000,000) refer to Exhibit E. ENGINEER’S general liability insurance policies shall be endorsed to include the OWNER as additional insured.

3. Professional liability insurance, for the protection from claims arising out of performance of professional services caused by a negligent act, error, or omission for which the insured is
legally liable; such professional liability insurance will provide for coverage in the amount of not less than one million dollars ($1,000,000) for the period of time covered by this AGREEMENT. Certificates indicating that such insurance is in effect shall be delivered to the OWNER before work is begun under this AGREEMENT. If the ENGINEER is underwritten on a claims made basis, the retroactive date shall be prior to or coincident with the date of this AGREEMENT and the Certificate of Insurance shall state that coverage is claims made and the retroactive date. Upon availability, the ENGINEER shall maintain coverage for the duration of this contract and for two years following the completion of this AGREEMENT. The ENGINEER shall provide the OWNER annually a Certificate of Insurance as evidence of such insurance. It is further agreed that the ENGINEER and/or Insurance Carrier shall provide the OWNER with thirty (30)-day advance notice of policy cancellation.

4. The ENGINEER’S Comprehensive General Liability and Professional Liability insurance policies shall be endorsed to recognize specifically ENGINEER’S contractual liability to OWNER; to waive subrogation against OWNER, its officers, agents, servants and employees; and to provide that OWNER will be given thirty days' notice in writing of any cancellation of, or material change in, the policies.

5. The certificates and endorsements for each insurance policy are to be signed by a person authorized by that insurer and licensed by the State of Nevada.

F. Indemnity

ENGINEER shall require its consultants and its sub-consultants by contract to indemnify and shall defend and hold harmless OWNER, its officials and employees and authorized representatives and their employees from and against any and all suits, actions, legal or administrative proceedings, arbitrations, claims, demands, damages, liabilities, interest, attorney’s fees, costs and expenses of whatsoever kind or nature, whether rightful or otherwise, including those arising out of injury to or death of the ENGINEER’S employees, whether arising before or after completion of the work hereunder and in any manner directly or indirectly caused, occasioned, or contributed to in whole or in part by reason of any negligent act, omission or fault or willful misconduct whether active or passive of ENGINEER or of its consultants or of its subconsultants or of anyone acting under its direction or control or on its behalf in connection with or incidental to the performance of this contract. OWNER shall promptly notify ENGINEER, in writing, of any such claim, demand, arbitration or lawsuit.
G. Fair Employment Practices

The Board of Trustees is committed to promoting full and equal business opportunity for all persons doing business in Clark County. ENGINEER acknowledges that OWNER has an obligation to ensure that public funds are not used to subsidize private discrimination. ENGINEER recognizes that if they or their sub-consultants are found guilty by an appropriate authority of refusing to hire or do business with an individual or company due to reasons of race, color, religion, sex, sexual orientation, gender identity or gender expression, age, disability, national origin, or any other protected status, OWNER may declare ENGINEER in breach of contract, terminate contract, and designate ENGINEER as non-responsible.

In connection with the performance of work under this AGREEMENT, the ENGINEER agrees not to discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex, sexual orientation or age, including, without limitation, with regard to employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including, without limitation, apprenticeship. The ENGINEER further agrees to insert this provision in all subcontracts hereunder, except subcontracts for standard commercial supplies or raw materials.

Any violation of such provision by ENGINEER constitutes a material breach of contract.

H. Covenant

The ENGINEER covenants that it presently has no direct interest and that it will not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of services required to be performed under this AGREEMENT. ENGINEER further covenants that in the performance of said services, no person having any such interest shall be employed.

I. Assignment

Any attempt by ENGINEER to assign or otherwise transfer any interest in this AGREEMENT without the prior written consent of the OWNER shall be void.

J. Order of Preference

In the event of any conflict, the controlling document shall be determined by the following order of precedence:

A. This AGREEMENT
B. Exhibit A: Scope of Services dated 02/25/2015
C. Exhibit B: Milestones
D. Exhibit C: Hourly Rate Schedule (For Additional Services and Additional Reimbursable Expenses)
E. Exhibit D: Disclosure of Ownership
F. Exhibit E: Insurance Requirements
G. Exhibit F: Travel Policy for Contractors/Consultants
H. Exhibit G: Special Conditions - Safety and Security Requirements
I. Exhibit H: Subcontractor Information

K. Governing Law

Nevada law shall govern the interpretation of this AGREEMENT.

L. Attorney's Fees and Costs

In any action brought to enforce this AGREEMENT, the prevailing party is entitled to reasonable attorney's fees and costs.

M. Disclosure of Ownership/Principals

Any ENGINEER recommended for award of a contract by the Board of Trustees is required to provide the information on the attached “Disclosure of Ownership/Principals” form, Exhibit D. Failure to fill out the subject form by the ENGINEER may be cause for rejection of Proposal.

N. Fiscal Funding Out

Owner reasonably believes that funds can be obtained sufficiently to make all payments during the term of this AGREEMENT. If OWNER does not allocate funds to continue the purchase of the products and/or services this AGREEMENT shall be terminated when appropriated funds expire.

O. Right to Market

The OWNER does not participate in any advertisements that directly or imply an endorsement by the OWNER, or that the work done on the OWNER’s behalf may be summarized or reported for a business purpose.

P. Notice

Any notice required to be given hereunder shall be deemed to have been given when received by the party to whom it is directed by personal service, hand delivery or U.S. mail at the following addresses.
Q. Counterparts; Electronic Delivery

This AGREEMENT may be executed in counterparts, all such counterparts will constitute the same contract and the signature of any party to any counterpart will be deemed a signature to, and may be appended to, any other counterpart. Executed copies hereof may be delivered by facsimile or e-mail and upon receipt will be deemed originals and binding upon the parties hereto, regardless of whether originals are delivered thereafter.
IN WITNESS WHEREOF, the parties have caused this AGREEMENT to be executed the day and year first above written.

SCOPE OF SERVICES
AGREEMENT FOR ENGINEERING SERVICES
COLLECTION SYSTEM CAPACITY UPGRADE – PACKAGE 7
PRE-DESIGN, DESIGN, BID AND SERVICES DURING CONSTRUCTION
CLARK COUNTY WATER RECLAMATION DISTRICT
CCWRD PROJECT NO. 735

PURPOSE OF EXHIBIT
The purpose of this Exhibit A is to establish the Scope of Services to be provided by Slater Hanifan Group (Consultant) to the Clark County Water Reclamation District (District) in connection with Collection System Capacity Upgrade – Package 7 project. Nothing in this Exhibit is to be construed to either conflict or take precedence over the terms and conditions of the primary Agreement. All scope of service Tasks identified herein shall be performed in accordance with Exhibit A1 Scope of Services Execution Requirements Version 2 unless otherwise noted as [Not Used].

PROJECT BACKGROUND

PROJECT HISTORY
- The District’s Las Vegas Valley Sewer Model has identified capacity constraints along multiple pipelines located in the District’s jurisdictional area. The Model report dated February 2014 identified multiple sections of pipeline that are over capacity or do not meet District design standards. This project involves preparation of design and construction documents to remove and replace three pipeline segments.

NEED FOR PROJECT
- District's staff has identified the need to remove and replace (R&R) pipe segments that are over capacity ($d/D > 0.75$) and do not meet District design standards. As flows increase, or during a wet weather event, there is an increased risk of Sanitary Sewer Overflows (SSO). By completing the proposed R&R, the life of the collection system infrastructure will be extended for 20 to 40 years. Pipe segments that are being upsized for capacity additional will be in compliance with District design standards and the sewer model’s projected flow for build out conditions.

PROJECT DESCRIPTION
- Based on the results of the sewer model update, the project will include approximately 4,000 feet of pipeline capacity improvements. Assistance will be provided with permitting and dewatering requirements. A pre-design report, basis of design report will be provided for the project along with plans and specifications.
- A 10 month design schedule is estimated for completing the project design. A 14 month construction schedule is estimated for the contractor to complete the project.
- The project involves pre-design, detailed design, bid support, and engineering services during construction.
- The District’s staff have included two (2) pipe segments as a part of this project:
• Segment 16 – R&R 3,300 linear feet (lf) of 10-inch with 15-inch in Eastern Avenue. The alignment begins at manhole “RC35” and ends at a stub upstream of manhole “FT51.” Regional Transportation Commission (RTC) will be designing and installing sewer main under the RTC Flamingo Corridor Project, prior to this project being constructed. RTC will leave a manhole and stub, south of the Flamingo (NDOT) right-of-way, for connection to this project.

• Segment 25 – R&R 700 lf of 8-inch with 12-inch in Robindale Road. The alignment begins at manhole “WR2” and ends at manhole “EA21” in Eastern Avenue. The collector pipeline discharging into manhole “WR1” from manhole “WR10” will be realigned to accommodate a reduced flow change angle.

PROJECT STAGING AND SEQUENCING

• The overall project will be executed in two (2) phases: One (1) predesign and detailed design contract including Engineering Services During Construction (ESDC’s) and one (1) construction contract. This Scope of Services is for the pre-design, design, bid services, and ESDC’s. The Consultant shall create a bid package that includes all construction work for the Project in one single package.

SCOPE OF WORK

The Scope of Work is divided into 7 tasks as listed below. The different tasks parallel the stages associated with project implementation. Each task consists of a series of separate activity efforts.

Task 1 – Project Management
Task 2 – Planning Study [Not Used]
Task 3 – Pre-design / Basis of Design Report
Task 4 – Detailed Design
Task 5 – Bid Period Services
Task 6 – Engineering Services during Construction
Task 7 – Construction Field Administration [Not Used]
Task 8 – Project Commissioning [Not Used]
Task 9 – Contingency [Not Used]
Task 10 – Additional Services
Task 1. PROJECT MANAGEMENT
Consultant shall perform the following:

1.1 Communications and Correspondence
Consultant shall include District Project Manager and back up on all project related communications and correspondences.

1.2 Meetings and Workshops
Consultant shall facilitate the execution of the following meetings and workshops:

1.2.1 Kick-off Meeting
Conduct a Kick-off meeting;

1.2.2 Technical Workshops
Technical Workshops will be provided under Task 10.

1.2.3 Progress/Status Meetings
Conduct monthly progress meetings;

1.2.4 Deliverable Review Workshops
Conduct review workshops identified in the table below.

<table>
<thead>
<tr>
<th>Pre-Design</th>
<th>Design</th>
</tr>
</thead>
<tbody>
<tr>
<td>Draft Basis of Design Report (including Plan and Profile 30% drawings)</td>
<td>90 Percent Design Submittal</td>
</tr>
<tr>
<td></td>
<td>100 Percent Design Submittal</td>
</tr>
</tbody>
</table>

Consultant will adhere to the established District procedure and timelines for submittal reviews.

1.2.5 External Coordination Meetings
Consultant shall conduct 6 coordination meetings with: Clark County Public Works, the Nevada Department of Transportation, or affected utility companies.
District Project Manager or designee must be invited to attend any meetings with other entities.

1.3 Reviews, Approvals and Permits
Consultant shall assist the District with the procurement of the following:

1. Clark County Encroachment Permit – two (2) are encroachment permits are anticipated.
2. Nevada Division of Environmental Protection Groundwater Dewatering Permit – One (1) dewatering permit is anticipated.

1.4 Project Execution Plan [Not Used]

1.5 Schedule and Progress Reporting
Consultant shall prepare and provide schedule and progress reporting. Schedules will be prepared using Microsoft Project.

1.6 Construction Cost Estimates
CCWRD Project No. 735 – Collection System Capacity Upgrades – Package 7
1/22/15
Consultant shall prepare construction cost estimates for the Basis of Design Report and Detailed Design Submittals.

1.7 Project Coordination
Consultant shall perform project coordination for all activities internal to Consultant design team, including sub-consultants as well as assist the District with outside Agencies.

1.8 Invoicing
Consultant shall provide invoices in accordance with the requirements stated within the Agreement and District standards.
Tasks 5, 6, and 10 will be performed on a time and materials basis, all other Tasks identified herein shall be performed on a lump sum basis.

1.9 Quality Management
Consultant shall provide a quality management plan.

1.10 Assistance with Environmental Assessment Development [Not Used]

1.11 Document Control
All documents shall be submitted in accordance with District standards.

1.12 Risk Management [Not Used]

Task 2. PLANNING STUDY [Not Used]

Task 3. PRE-DESIGN / BASIS OF DESIGN REPORT
Consultant shall prepare a Pre-design / Basis of Design Report as follows:

3.1 Review Reference Documents
Consultant shall review and incorporate into the design the following documents and standards:
1. Updated District flow monitoring information
2. Available property rights documents
3. Available existing easements

3.2 Background Information and Data Collection
Consultant shall gather the following information at project onset:
1. Existing wet and dry utility information
2. Existing as-built information
3. Existing utility easements
4. Planned projects by other Agencies in the near vicinity affecting this project

3.3 Systems Evaluation [Not Used]

3.4 Recommend Improvements [Not Used]
3.5 Basis of Design Report Outline

I. General
   a. Background and Purpose
   b. Design Criteria
   c. Codes and Standards

II. R&R Alignments
   a. Existing Sewer System
   b. Existing Utilities
   c. R&R Alignment
   d. Right-of-Way
   e. Other planned projects

III. Permits and Easements
   a. Groundwater Discharge
   b. Traffic Control
   c. Encroachment Permit for bypass pumping during construction
   d. Easements [not used]

IV. Cost and Schedule
   a. Construction Costs
   b. Construction Schedule

V. Final Deliverables
   a. Plans (Plan and Profile 30%)
   b. Specifications [not used]
   c. Permits [not used]

VI. Appendix
   a. Exhibits of Existing Utilities that Require Relocation/Adjustment
   b. Meeting Notes

Task 4. DETAILED DESIGN

Consultant shall perform the following:

4.1 Utility Location and Rights-of-Way

Consultant shall research the above and below ground utilities within the affected areas of the project as well as determine all potential impacts from right-of-way, easements, and property information required.

4.1.1 Easements [Not Used]

Consultant shall assist the District with the procurement of easements by way of:

4.1.1.1 Research

Researching property ownership and providing title reports will be provided under Task 10.

4.1.2 Survey Controls, Topography, and Utility Locations

CCWRD Project No. 735 – Collection System Capacity Upgrades – Package 7

1/22/15
Consultant shall establish survey controls (horizontal and vertical), provide 1-foot and 5-foot contours, and utility location field surveys.

This contract assumes up to 26 manholes will be surveyed.

4.1.3 Record of Survey [Not Used]

4.1.4 Subsurface Utility Engineering (SUE)
Consultant shall provide SUE to determine utility locations and depths along pipeline alignment; This contract assumes up to 20 potholes will be provided.

4.2 Field Investigations
Consultant shall provide the following field investigations:

4.2.1 Geotechnical
Provide geotechnical engineering services; This contract assumes up to 4 borings will be provided;

4.2.2 Dewatering
Geotechnical engineering services to supplement groundwater dewatering design for Segment 16 is included in this scope, additional sites will be provided under Task 10;

4.2.3 Flow Monitoring [Not Used]

4.2.4 Closed Circuit Televising
Conduct closed circuit televising
1. Sewer pipelines between manholes “REN1B” and “FT51”
2. Sewer pipelines between manholes “RC36” and “RC35”
3. Sewer pipelines between manholes “WR3” and “EA21”
4. Sewer pipelines between manholes “EA21” and “HOR1P”

4.3 Prepare Plans and Specifications
Consultant shall prepare the following:

4.3.1 Contract Documents
Prepare plans and specifications to bid and construct facilities as recommended in the Basis of Design Report, and as directed by the District.

Design includes: Remove and replace 3,300 feet of sewer pipeline in Eastern Avenue, and remove and replace 700 feet of sewer pipeline in Robindale Road.

4.3.2 Codes and Standards
Prepare plans and specifications in accordance with the latest editions of the pertinent codes and regulations, as adopted by the District.

4.3.3 Format
Prepare all document pages, including specifications and drawings, to show the District Project#. The District Project # shall be located in the foot note on specifications and other written documents, and under the project name in every drawing. The specific text shall read “CCWRD 735 – Collection System Capacity Upgrade – Package 7”.

4.3.4 Submittal

CCWRD Project No. 735 – Collection System Capacity Upgrades – Package 7
1/22/15
Submit half size sets of progress plans and technical specifications to the District for review and comment at the 90 percent and 100 percent complete stage of design.

4.3.5 Specifications
Prepare specifications in 2004 CSI format.

4.3.6 Submittal Schedule Preparation
Provide Submittal Schedule Preparation in compliance with Exhibit A1.

4.3.7 Asset Cost Allocation Schedule

Task 5. BID PERIOD SERVICES
Consultant shall perform the following:

5.1 Distribution of Contract Documents
Utilize Demand Star for document distribution service.

5.2 Response to Bid Period Questions
Respond to questions in accordance with District standards.

5.3 Pre-bid Conference
Attend a pre-bid conference.

5.4 Addenda
Prepare addenda(s) to contract documents during bidding period.

5.5 Bid Opening and Review
Assist the District in the review of the Bids.

5.6 Conformed Documents
Prepare Conformed Plans and Specifications.

Task 6. ENGINEERING SERVICES DURING CONSTRUCTION
Consultant shall perform the following:

6.1 Coordination
Manage and coordinate Design Team to provide engineering support during construction.

6.2 Submittal Review
Manage, review, approve (or reject as necessary) and document / log the contractor technical submittals and/or shop drawings for compliance with the contract documents. The Consultant shall anticipate two (2) review cycles for all submittals.
The number of submittals shall be assumed as 200 (1 hour each).
6.3 Contract Documents Interpretation and Clarification
Interpret the technical content of drawings and specifications with respect to requests for clarification and/or deviation from them. Review, document, recommend specific action, and respond to all requests for information.
The number of RFIs shall be assumed as 75 (2 hours each).

6.4 Change Order Assistance
Prepare drawings / sketches, specifications, cost estimates for contractor change orders and assist in negotiations.

6.5 Substantial and Final Completion
Attend a substantial completion and a final completion inspection walk through.

6.6 Final Job Walk Audit
Schedule and facilitate a final job walk audit with the District Project Manager.

6.7 Final Record Drawings
Prepare final record drawings.

Task 7. CONSTRUCTION FIELD ADMINISTRATION - [NOT USED]
Task 8. PROJECT COMMISSIONING - [NOT USED]
Task 9. CONTINGENCY - [NOT USED]
Task 10. ADDITIONAL SERVICES
Consultant shall perform additional services only as authorized in writing by the District. Consultant shall start the activity only upon receipt of written approval from District.
Services may include but are not limited to:
1. Groundwater Contamination Remediation
2. Additional potholes
3. Additional Geotechnical/ Environmental Efforts
4. Additional Geotechnical engineering for dewatering design
5. Additional Legal Descriptions/ Title Reports/ Appraisals/ Easement Acquisition Support
6. Additional Field Surveys
7. Additional Aerial Photography
8. Additional Mapping Efforts
9. Community Outreach Support
10. Additional Agency/ Utility Permitting Support
11. Additional Submittals and/ or Reviews
12. Additional Request for Information (RFI) Support
13. Escrow Services

RESPONSIBILITIES OF THE DISTRICT

District will provide to the Consultant the following:

LIST OF FILES TO BE PROVIDED TO CONSULTANT

1. EXCEL
   a. Stakeholders Tracker
   b. Invoice Cover Page template
   c. Contract Analysis Spreadsheet for Construction Portion
   d. Template for Creation of S Curve for Monthly Progress Report
   e. Board of Trustees calendar chart with due dates. This needs updating each calendar year (excel)
   f. Asset Cost Allocation Schedule template
   g. Construction Submittal Schedule template
   h. Submittal Review Comment Spreadsheet
   i. GIS Subsurface Exploration Metadata
   j. Liquidated Damages template

2. Microsoft Project
   a. Standard Template for Project Scheduling

3. District Forms
   a. Badge Access Card Request
   b. PCM External User License and Application Form
   c. Strategic Services
      i. Community Outreach Traffic Impact Notification Form
      ii. Community Outreach Changes to Traffic Control Form

4. PDF
   a. Nevada State Division of Water Resources
      i. Affidavit Of Intent To Abandon A Monitoring Well – For ROW & CCWRD Easements
ATTACHMENT 1 TO EXHIBIT A, PRELIMINARY PROJECT SCHEDULE

Preliminary Project Schedule is identified hereinafter.

ATTACHMENT 2 TO EXHIBIT A, SEGMENT 16 MAP

Segment 16 Map is identified hereinafter.

ATTACHMENT 3 TO EXHIBIT A, SEGMENT 25 MAP

Segment 25 Map is identified hereinafter.
CCWRD Project No. 735 – Collection System Capacity Upgrades – Package 7

1/22/15
RTC will install 100’ of the project sewer within Flamingo Road ROW as part of a separate project.

Remove and replace 3,300 feet of 10-inch sewer to 15-inch sewer.
ATTACHMENT 3 TO EXHIBIT A, SEGMENT 25 MAP

### Exhibit Notes

- Hours and Fees are provided for each task.
- Fees are calculated based on the hours worked and hourly rates.
- Direct Expenses include all direct costs associated with the tasks.
- Other Direct Costs are other expenses not included in the direct expenses.
- The total is calculated by summing the fees and direct expenses.
INSTRUCTIONS FOR COMPLETING THE
DISCLOSURE OF OWNERSHIP/PRINCIPALS FORM

Purpose of the Form

The purpose of the Disclosure of Ownership/Principals Form is to gather ownership information pertaining to the business entity for use by the Board of County Commissioners ("BCC") in determining whether members of the BCC should exclude themselves from voting on agenda items where they have, or may be perceived as having a conflict of interest, and to determine compliance with Nevada Revised Statute 281A.430, contracts in which a public officer or employee has interest is prohibited.

General Instructions

Completion and submission of this Form is a condition of approval or renewal of a contract or lease and/or release of monetary funding between the disclosing entity and the appropriate Clark County government entity. Failure to submit the requested information may result in a refusal by the BCC to enter into an agreement/contract and/or release monetary funding to such disclosing entity.

Detailed Instructions

All sections of the Disclosure of Ownership form must be completed. If not applicable, write in N/A.

Business Entity Type – Indicate if the entity is an Individual, Partnership, Limited Liability Company, Corporation, Trust, Non-profit Organization, or Other. When selecting 'Other', provide a description of the legal entity.

Non-Profit Organization (NPO) - Any non-profit corporation, group, association, or corporation duly filed and registered as required by state law.

Business Designation Group – Indicate if the entity is a Minority Owned Business Enterprise (MBE), Women-Owned Business Enterprise (WBE), Small Business Enterprise (SBE), Physically-Challenged Business Enterprise (PBE), Veteran Owned Business (VET), Disabled Veteran Owned Business (DVET), or Emerging Small Business (ESB). This is needed in order to provide utilization statistics to the Legislative Council Bureau, and will be used only for such purpose.

- Minority Owned Business Enterprise (MBE): An independent and continuing business for profit which performs a commercially useful function and is at least 51% owned and controlled by one or more minority persons of Black American, Hispanic American, Asian-Pacific American or Native American ethnicity.
- Women Owned Business Enterprise (WBE): An independent and continuing business for profit which performs a commercially useful function and is at least 51% owned and controlled by one or more women.
- Physically-Challenged Business Enterprise (PBE): An independent and continuing business for profit which performs a commercially useful function and is at least 51% owned and controlled by one or more disabled individuals pursuant to the federal Americans with Disabilities Act.
- Small Business Enterprise (SBE): An independent and continuing business for profit which performs a commercially useful function, is not owned and controlled by individuals designated as minority, women, or physically-challenged, and where gross annual sales does not exceed $2,000,000.
- Veteran Owned Business Enterprise (VET): An independent and continuing Nevada business for profit which performs a commercially useful function and is at least 51 percent owned and controlled by one or more U.S. Veterans.
- Disabled Veteran Owned Business Enterprise (DVET): A Nevada business at least 51 percent owned/controlled by a disabled veteran.
- Emerging Small Business (ESB): Certified by the Nevada Governor’s Office of Economic Development effective January, 2014. Approved into Nevada law during the 77th Legislative session as a result of AB254.

Business Name (include d.b.a., if applicable) – Enter the legal name of the business entity and enter the “Doing Business As” (d.b.a.) name, if applicable.

Corporate/Business Address, Business Telephone, Business Fax, and Email – Enter the street address, telephone and fax numbers, and email of the named business entity.

Nevada Local Business Address, Local Business Telephone, Local Business Fax, and Email – If business entity is out-of-state, but operates the business from a location in Nevada, enter the Nevada street address, telephone and fax numbers, point of contact and email of the local office. Please note that the local address must be an address from which the business is operating from that location. Please do not include a P.O. Box number, unless required by the U.S. Postal Service, or a business license hanging address.

Number of Clark County Nevada Residents employed by this firm. (Do not leave blank. If none or zero, put the number 0 in the space provided.)

List of Owners/Officers – Include the full name, title and percentage of ownership of each person who has ownership or financial interest in the business entity. If the business is a publicly-traded corporation or non-profit organization, list all Corporate Officers and Directors only.

For All Contracts – (Not required for publicly-traded corporations)

1) Indicate if any individual members, partners, owners or principals involved in the business entity are a Clark County full-time employee(s), or appointed/elected official(s). If yes, the following paragraph applies.

In accordance with NRS 281A.430 1, a public officer or employee shall not bid on or enter into a contract between a government agency and any private business in which he has a significant financial interest, except as provided for in subsections 2, 3, and 4.

2) Indicate if any individual members, partners, owners or principals involved in the business entity have a second degree of consanguinity or affinity relation to a Clark County full-time employee(s), or appointed/elected official(s) (reference form on Page 2 for definition). If YES, complete the Disclosure of Relationship Form. Clark County is comprised of the following government entities: Clark County, Department of Aviation (McCarren Airport), and Clark County Water Reclamation District. Note: The Department of Aviation includes all of the General Aviation Airports (Henderson, North Las Vegas, and Jean). This will also include Clark County Detention Center.

A professional service is defined as a business entity that offers business/financial consulting, legal, physician, architect, engineer or other professional services.

Signature and Print Name – Requires signature of an authorized representative and the date signed.

Disclosure of Relationship Form – If any individual members, partners, owners or principals of the business entity is presently a Clark County employee, public officer or official, or has a second degree of consanguinity or affinity relationship to a Clark County employee, public officer or official, this section must be completed in its entirety.

All entities, with the exception of publicly traded and non-profit organizations, must list the names of individuals holding more than five percent (5%) ownership or financial interest in the business entity appearing before the Board.

Publicly traded entities and non-profit organizations shall list all Corporate Officers and Directors in lieu of disclosing the names of individuals with ownership or financial interest. The disclosure requirement, as applied to land-use applications, extends to the applicant and the landowner(s).

Entities include all business associations organized under or governed by Title 7 of the Nevada Revised Statutes, including but not limited to private corporations, close corporations, foreign corporations, limited liability companies, partnerships, limited partnerships, and professional corporations.

INSURANCE REQUIREMENTS

TO ENSURE COMPLIANCE WITH THE CONTRACT DOCUMENT, CONSULTANTS SHOULD FORWARD THE FOLLOWING INSURANCE CLAUSE AND SAMPLE INSURANCE FORM TO THEIR INSURANCE AGENT PRIOR TO PROPOSAL SUBMITTAL

1. FORMAT / TIME
CONSULTANT shall provide DISTRICT with Certificates of Insurance, per the sample format (page B-3), for coverages as listed below, and endorsements affecting coverage required by this CONTRACT within seven (7) calendar days after the award by DISTRICT. All policy certificates and endorsements shall be signed by a person authorized by that insurer and who is licensed by the State of Nevada in accordance with NRS 680A.300. All required aggregate limits shall be disclosed and amounts entered on the certificate of insurance, and shall be maintained for the duration of CONTRACT and any renewal periods.

2. BEST KEY RATING
DISTRICT requires insurance carriers to maintain during CONTRACT term, a Best Key Rating of A.VII or higher, which shall be fully disclosed and entered on the certificate of insurance.

3. DISTRICT COVERAGE
DISTRICT, its officers and employees must be expressly covered as additional insureds except on workers’ compensation insurance coverages. CONSULTANT’S insurance shall be primary as respects DISTRICT, its officers and employees.

4. ENDORSEMENT / CANCELLATION
CONSULTANT’S commercial general liability and automobile liability insurance policy shall be endorsed to recognize specifically CONSULTANT’S contractual obligation of additional insured to DISTRICT. All policies must note that DISTRICT will be given thirty (30) calendar days advance notice by certified mail “return receipt requested” of any policy changes, cancellations, or any erosion of insurance limits.

5. DEDUCTIBLES
All deductibles and self-insured retentions shall be fully disclosed in the Certificates of Insurance and may not exceed $25,000.

6. AGGREGATE LIMITS
If aggregate limits are imposed on bodily injury and property damage, then the amount of such limits must not be less than $2,000,000.

7. COMMERCIAL GENERAL LIABILITY
Subject to paragraph 6 of this attachment, CONSULTANT shall maintain limits of no less than $1,000,000 combined single limit per occurrence for bodily injury (including death), personal injury and property damages. Commercial General Liability coverage shall be on a “per occurrence” basis only, not “claims made”, and be provided either on a Commercial General Liability or a Broad Form Comprehensive General Liability (including a Broad Form CGL endorsement) insurance form.

8. AUTOMOBILE LIABILITY
Subject to paragraph 6 of this attachment, CONSULTANT shall maintain limits of no less than $1,000,000 combined single limit per occurrence for bodily injury and property damage, to include, but not be limited to, coverage against all insurance claims for injuries to persons or damages to property which may arise from services rendered by CONSULTANT and any auto used for the performance of services under CONTRACT.

9. WORKERS’ COMPENSATION
CONSULTANT shall obtain and maintain for the duration of CONTRACT, a work certificate and/or a certificate issued by an insurer qualified to underwrite workers’ compensation insurance in the State of Nevada, in accordance with Nevada Revised Statutes Chapters 616A-616D, inclusive, provided, however, a CONSULTANT who is a Sole Proprietor shall be required to submit an affidavit (Attachment 1) indicating that CONSULTANT has elected not to be included in the terms, conditions and provisions of Chapters 616A-616D, inclusive, and is otherwise in compliance with those terms, conditions and provisions.

10. FAILURE TO MAINTAIN COVERAGE
If CONSULTANT fails to maintain any of the insurance coverages required herein, DISTRICT may withhold payment, order CONSULTANT to stop the work, declare CONSULTANT in breach, suspend or terminate CONTRACT, assess liquidated damages as defined herein, or may purchase replacement insurance or pay premiums due on existing policies. DISTRICT may collect any replacement insurance costs or premium payments made from CONSULTANT or deduct the amount paid from any sums due CONSULTANT under CONTRACT.
ADDITIONAL INSURANCE

CONSULTANT is encouraged to purchase any such additional insurance as it deems necessary.

DAMAGES

CONSULTANT is required to remedy all injuries to persons and damage or loss to any property of DISTRICT, caused in whole or in part by CONSULTANT, their subcontractors or anyone employed, directed or supervised by CONSULTANT.

COST

CONSULTANT shall pay all associated costs for the specified insurance. The cost shall be included in the CONTRACT price(s).

INSURANCE SUBMITTAL ADDRESS

All Insurance Certificates requested shall be sent to the Clark County Water Reclamation District Purchasing and Contracts Department, Attention: Insurance Coordinator. See below Paragraph 15.H. for the appropriate mailing address.

THIS ENDORSEMENT CHANGED THE POLICY. PLEASE READ IT CAREFULLY

ADDITIONAL INSURED – DESIGNATED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY AND AUTOMOBILE LIABILITY COVERAGE PART.

SCHEDULE

Name of Person or Organization:

CLARK COUNTY WATER RECLAMATION DISTRICT C/O PURCHASING AND CONTRACTS DEPARTMENT
5857 EAST FLAMINGO ROAD
LAS VEGAS, NEVADA 89122

(If no entry appears above, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

WHO IS AN INSURED (Section II) is amended to include as an insured the person or organization shown in the Schedule as an insured but only with respect to liability arising out of your operations or premises owned by or rented to you.

CLARK COUNTY, NEVADA, ITS OFFICERS, EMPLOYEES AND VOLUNTEERS ARE INSURED WITH RESPECT TO LIABILITY ARISING OUT OF THE ACTIVITIES BY OR ON BEHALF OF THE NAMED INSURED IN CONNECTION WITH THIS PROJECT.
EXHIBIT F
CONTRACTOR/CONSULTANT TRAVEL POLICY

PURPOSE:

This document provides detailed rules and establishes procedures for all OWNER Contractor/Consultants incurring business travel expenses related to services provided to the OWNER while under contract.

BUSINESS TRAVEL

1. Arrangements for business travel shall be made at the lowest reasonable and customary fare available. Travel arrangements shall be booked 14 days in advance of departure, or sooner with prior written approval by the OWNER. Upgrade charges to business travel (i.e. upgrading to business/first class, changing your departure/arrival time) are the Traveler’s personal responsibility and expense.

2. Should unforeseen travel delays occur due to weather, national emergency, changes in schedule made by the carrier, etc., the Traveler should use discretion when making arrangements for additional travel to ensure the lowest cost to the OWNER.

3. Travelers shall be held responsible for cancellations costs incurred if, as a result of their own actions, a trip is not taken.

4. Airport parking fees incurred during business travel for the OWNER will be reimbursed at Long Term/Economy parking rates.

RENTAL CARS

1. Travelers may be allowed to rent a car at their destination when:
   a. It is less expensive (considering all costs including rental, fuel, and taxes) than other transportation such as taxis, public transportation, hotel, and/or airport shuttles.
   b. They are transporting heavy equipment, large, bulky, or sensitive materials.

2. Car rental is limited to an Economy/Standard car. The OWNER will not pay for navigation systems, cellular telephones, upgrade in class, or other options provided by the rental company. OWNER will not reimburse for insurance coverage provided by rental company. Refueling charges from the rental company are not reimbursable, only cost of lowest grade fuel (87 octane) will be reimbursed.

3. Only the Traveler who signs the rental car agreement will be allowed to drive the rental car. The OWNER will not pay the cost to add additional drivers to the agreement.

MILEAGE

1. Travelers will be reimbursed for approved business travel using personal vehicles on a fixed mileage rate. If a private vehicle is used for personal convenience, the allowance for travel is one-half the standard mileage reimbursement rate. Additionally, the maximum allowed for personal care usage mileage reimbursement will not exceed the cost of commercial airfare.

2. Travelers will not be reimbursed for any fuel cost, maintenance costs, car washes, towing, or repairs to their personal vehicles even if these costs result from business travel.
3. Compensation is not allowed for transportation to/from the home and principal place of business. Mileage maybe reimbursed if mileage is in excess of miles to/from home and principal place of business.

LODGING, MEALS AND INCIDENTALS

1. Lodging, Meal and Incidental Per Diem Allowance is defined as a daily payment instead of reimbursement for actual expenses for all lodging (including taxes and fees), meal and incidental expenses, including tips.

2. Lodging, meal and incidental expenses for business related travel of Monday through Friday WILL BE REIMBURSED AT THE PER DIEM RATE as established for federal government employees. Exceptions must be pre-approved by OWNER personnel in writing.

3. Per federal guidelines, on the day of departure and the last day of travel, meal and incidental reimbursements will be at 75% of the applicable meal per diem rate.

4. The current Lodging, Meal and Incidental reimbursement rates for Clark County, Nevada, can be obtained via the Internet at www.gsa.gov/perdiem.

MEAL REIMBURSEMENT FOR ONE-DAY TRAVEL

1. Travelers shall not be reimbursed for meal and incidental expenses incurred for one day travel. Meal and incidental expenses will only be reimbursed when the travel is outside the local area for longer than a Traveler’s ordinary day’s work.

MISCELLANEOUS TRAVEL EXPENSE EXCLUSIONS

1. Expenses such as alcohol, sightseeing, tours, souvenirs, gifts, toiletries, personal items, movies, health club fees, laundry, sporting events, spas, etc., and any other expenses incurred before or after approved business related travel will not be reimbursed.

2. Travel expenses incurred by a spouse or other individual accompanying the Traveler on business will not be reimbursed.

3. Expenses for travel insurance coverage will not be reimbursed.

REIMBURSEMENT

All original receipts must be submitted for items not included in Per Diem, including all transportation (airfare/bus/rail, etc.), rental car, airport parking fees, and fuel for rental car.
Safety Requirements

The ENGINEER and their sub-consultants or sub-contractors are responsible for the safety and required training of their employees, and shall comply at minimum with the requirements of OSHA 1910, General Industry Standards, and when applicable OSHA 1926, Construction Industry Standards.

The ENGINEER and their sub-consultants shall provide their own safety equipment, and shall be responsible for providing staff that is trained in the relevant safety procedures. The OWNER may provide an inspector on site; however, the OWNER shall not be expected to perform safety inspections or training during the development of the project. The ENGINEER shall be required to provide a qualified safety representative. Any and all hazardous type materials brought on OWNER property will require pre-approval by the OWNER Project Manager.

In accordance with 29 CFR 1910.146 Confined Spaces, OWNER requires all contractors or ENGINEERS that will enter any district-owned facility (e.g. lift station, manhole, and basin) be properly trained and follow the mandates outlined in the aforementioned OSHA standard in regards to non-permitted and permit-required confined spaces. It will be the responsibility of said contractor or ENGINEER to provide training and all required equipment (non-stationary) for their employees as required by this standard.

It is the requirement by OWNER that all contractors or ENGINEERS follow all procedures in accordance with 29 CFR 1910.147. The Control of Hazardous Energy (Lockout Tag-Out) shall be implemented when a procedure contained in said standard requires such control. The Lockout Tag-Out system shall be implemented for any equipment being addressed by the contractor or ENGINEER that is powered or energized by any means and/or that could start automatically. All relevant field staff to include OWNER, ENGINEER and sub-consultant staff participating in the project shall be instructed on the OSHA standards for Lockout Tag-Out procedures/protocol.

Where applicable, you must adhere to the following programs/notification processes for “Call Before You Dig”/USA North 1-800-227-2600, Clark County Traffic Operations 702-455-7511 and Las Vegas Computerized Traffic Systems 702-229-6611.

It is the requirement of OWNER that the contractor or ENGINEER utilize trained and qualified employees to perform the jobs/tasks as outlined by the stated OSHA standards specified above, as well as any other safety standards mandated by statute. Furthermore, the contractor or ENGINEER shall be solely responsible for ensuring compliance with this requirement.

Any safety questions shall be made to:
OWNER Safety Officer
702-668-8000
EXHIBIT G
SPECIAL CONDITIONS – SAFETY AND SECURITY REQUIREMENTS

Security Requirements

The OWNER facilities are secure sites. The ENGINEER shall not allow any unauthorized personnel into the OWNER facilities while performing the work.

The ENGINEER and corresponding sub-consultants are responsible for maintaining security in each District facility while performing the field condition assessment. Any damage to the facility or to the equipment due to negligence of the ENGINEER or sub-consultant during the condition assessment shall be charged to the ENGINEER.

No District facility shall be left open and/or unattended. Each District facility shall remain locked at all times unless the ENGINEER’S (or sub-consultant) personnel are located inside the facility.

The ENGINEER shall follow a strict communication protocol for ingress and egress of each District facility. Each day, for each District facility and for each time the District facility is accessed, includes returning from lunch, prior to unlocking and entering a District facility, the ENGINEER shall inform the designated OWNER staff member that ENGINEER and/or sub-consultant(s) or sub-contractor(s) is/are entering the facility to commence work. Prior to leaving the site, includes leaving for lunches, the ENGINEER shall again inform the designated OWNER staff member that the facility has been secured (locked) and is being vacated.

The ENGINEER shall inform the OWNER that they will start work prior to unlocking and entering each District facility and at conclusion of the work they shall inform the OWNER that they have secured (locked) the facility prior to leaving the site.

Unless otherwise approved by the OWNER, the ENGINEER or sub-consultant shall leave each facility in the same working condition as it was found prior to performing the condition assessment. The ENGINEER or sub-consultant is not permitted to alter or affect the operation or functionality of the District facility during the course of work performed during the assessment, due to public health and safety concerns.

General Security Procedures:

- Security authorization for facility access is required.
- Adhere to traffic, speed limit, and parking requirements.
- The District does not allow weapons to be brought on property, including concealed weapons in parked cars.
- Acts or threats of violence are not tolerated by contractors, ENGINEERS, vendors, visitors or District personnel.

Any security questions shall be made to:
OWNER Safety/Security Administrator
702- 668-8000
DEFINITIONS

MINORITY OWNED BUSINESS ENTERPRISE (MBE): An independent and continuing Nevada business for profit which performs a commercially useful function and is at least 51% owned and controlled by one or more minority persons of Black American, Hispanic American, Asian-Pacific American or Native American ethnicity.
