Dear Board of County Commissioners:

I am writing to express my interest in becoming the next Senator in Senate District 3 and (hopefully) being a part of the first female majority legislature in the country! My background as an advocate and negotiator, my community involvement, and my experience as a small business owner in SD 3 will provide a solid foundation for effective collaboration with stakeholders across the board and on the other side of the aisle.

I am a second-generation native Las Vegan. My grandparents came to Las Vegas, like many others, in the 1950s to live the American dream and quickly adopted Las Vegas as their home. My parents met as students at Western High School (living in SD 3) and I have lived in or around the District for over 10 years.

Spending my life in Las Vegas, I have seen this city and state grow tremendously and want to be a part of that continuing growth and expansion. I love Nevada and its people, which is why I have focused my career on protecting the rights of our citizens — and have focused my volunteering and community service efforts on organizations that will directly improve our community.

After graduating from UNLV with a Bachelor’s Degree in Psychology, I was summoned to serve on jury duty. After sitting in the courtroom and watching the trial, I found my calling; I wanted to be a trial attorney and give a voice to people in the legal system.

I attended the William S. Boyd School of Law — where emphasis was placed on volunteerism and community service. While at Boyd, I taught hundreds of citizens how to navigate the legal system through classes that I taught at Legal Aid Center of Nevada. The education we provided to these citizens, gave them a voice in the justice system.

After law school, I started my career as an attorney — focusing every day to even the playing field for individuals in the justice system and making our community safer. Day in and day out, I fight to give a voice to injured Nevadans.

In 2016, my partner and I represented Jack and Elaine Chernikoff. Their son, Harvey, choked to death on a paratransit bus because the driver was not trained in basic life-saving skills. During the trial, Jack and Elaine said their only goal was to pass a law requiring paratransit drivers to have basic First Aid and CPR training. After a successful trial, we got to work on making their goal of “Harvey’s Law” a reality. I was part of a team who worked on drafting the bill, speaking with legislators and stakeholders, and testifying in support of the bill. I am proud to say that Harvey’s Law (AB 234) was passed in the 2017 Legislative Session. Not only were we able to make Nevadans safer by passing Harvey’s Law, we were able to give a voice to the handicapped citizens of our state.

Aside from my career, my other passion is working with youth in the foster care system. I have been a CASA Volunteer since 2011. During that time, I have worked with youth ranging from newborns to teenagers, and I see the many roadblocks to success that these kids face. Great strides have been made during recent Legislative Sessions to strengthen the rights of and opportunities for foster youth, and my goal is to continue that progress to ensure that these kids are set up for success. I want to be their voice in the foster care system, but also in the Legislature.
The opportunity to serve in the State Legislature would be a tremendous honor and would allow me to continuing giving a voice to residents of Senate District 3, and the citizens of Nevada.

Thank you for your time and consideration.
