Recommendation:

That the Board of County Commissioners conduct a public hearing on the update to the Las Vegas Valley Trails Map; and authorize the Chair to sign a resolution to approve and adopt the update to the Map; or take other action as appropriate.

FISCAL IMPACT:

- Fund #: N/A
- Fund Center: N/A
- Description: N/A
- Fund Name: N/A
- Funded Program/Grant: N/A
- Amount: N/A

BACKGROUND:

In April 2007 the Board of County Commissioners approved and adopted the Las Vegas Valley Trails Map as an amendment to the County Trails Element adopted by the Board in October of 2005. Since adoption of this Map, minor corrections, additions and opportunities have been identified. The updated map is entitled Clark County Trails Map-Las Vegas Valley and includes several additions and changes:

- Addition of Rural Neighborhood Preservation priority equestrian trails adopted by BCC in 2008
- Elimination of SNPLMA trail project along UPRR Railroad spur to Henderson by BCC in 2009
- Minor GIS mapping corrections
- New trail opportunities in Spring Valley and near Western Trails Park
- Minor realignment of Las Vegas Wash Trail near Desert Rose golf course

On December 21, 2010 the Board of County Commissioners initiated an update of the Las Vegas Valley Trails Map adopted in 2007.

On January 10, 2011 the Southern Nevada Regional Planning Coalition reviewed the Clark County Trails Map-Las Vegas Valley and found the update conforms and furthers the Southern Nevada Policy Plan.

On February 15, 2011 the Clark County Planning Commission conducted a public hearing and by resolution approved and adopted the Clark County Trails Map-Las Vegas Valley. The Resolution and Map were forwarded to the Clark County Board of County Commissioners for their consideration.

On March 1, 2011 the Board of County Commissioners set a public hearing date of March 15, 2011.

The Clark County Trails Map-Las Vegas Valley visually represents County Trails in the Las Vegas Valley in conformance with policies in the revised 2009 Clark County Parks, Trails and Open Space Element. The Map
illustrates existing, funded, under design/construction and future County Trails and connectivity to surrounding trail systems.

Respectfully submitted,
