**Recommendation:**

That the Board of County Commissioners approve and authorize the Chairman to sign the agreement between Clark County and Nevada Power Company for the Flamingo Underground Conversion project located along Flamingo Road between Interstate 15 and Koval Lane.

**FISCAL IMPACT:**

None.

**BACKGROUND:**

On April 26, 2002, the Board of County Commissioners accepted a petition for the formation of a Special Improvement District to convert overhead electrical transmission lines between Interstate 15 and Audrie Street to an underground location in Flamingo Road. Harrah’s Operating Company, Inc., now wholly owns Caesars Palace. On August 21, 2007, the Board accepted an amended petition from Harrah’s, which extended the limits of the underground conversion easterly to Koval Lane.

County staff from the District Attorney’s Office, and Finance and Public Works departments, negotiated this agreement with Nevada Power Company establishing responsibility for the costs, design, construction, and easements for the underground conversion project.

Respectfully submitted,
