BOCC
District 36
Nevada

Dear Board of County Commissioners,

In the weeks leading up to the November 6th, 2018 election, we all in District 36 learned of some devastating news, the news that our Republican Assembly Candidate had passed away. This means that someone must be appointed from the same party provided he wins the election. Dennis Hof indeed won the election and now the BOCC in District 36 must appoint an individual from the Republican Party to represent the interest of the people of District 36 in the capital.

I moved to Nevada because of how free their citizens can be and in the last several years I have been here I’ve seen a massive migration from California. This worries me because these people are also bringing their California ideologies with them and if we can’t get someone in the capital to voice what we want in District 36 then just like California, the rights and freedoms we have today won’t be here much longer, which is why the people of District 36 want someone to represent their interests and their way of life. I’m happy to be this person. I have been helping out the community since I was 8 years old, from helping special needs kids, to helping the elderly, to being the voice of change for the community, and even being a licensed EMT. I’ve dedicated my life to serving others and creating positive change for them whether it’s patient advocacy as an EMT or voicing concerns and proposing resolutions for community members.

I believe very strongly that as an elected or in this case an appointed public servant you have a duty to act in the best interest of your constituents and the people you represent. Dennis Hof and I have a lot of the same views on issues the people of District 36 find very important, such as Water Rights, I will defend the people’s right to water, I will advocate for the People of District 36 to receive compensation for the toxic unusable nuclear waste water we are sitting on, I will oppose any and all regulation of water rights and major developments or utility company’s trying to control the People’s water, Guns, I will defend the second amendment because when seconds count the authorities are only minutes away, Taxes, 80 % of the People in District 36 opposed the Commerce Tax despite that the legislature and Oscarson decided to go against the People and form the
Commerce Tax which hurts our community, I would repeal this tax and would also advocate for a 2/3 majority of the People of Nevada to raise any and all taxes. Education, I believe in equal education for all, the poor should have the same access to the same education as the wealthy, the salaries of our teachers need to be raised, I strongly oppose the Common Core Standards and will fight for a better standard of education for our future leaders, I will also advocate for two years of state funded higher education in our colleges statewide allowing the people to earn up to an Associate Degree and achieve good paying jobs. Immigration, I believe in having a legal pathway to immigration and honest trustworthy immigrants coming here to work hard and provide a better life for their family. I strongly oppose the Sanctuary Cities protection of illegal criminals, I will fight for our great state to not become a Sanctuary State like our neighbors in California, Spending, I support a Senate / Assembly Misappropriations Committee to identify and recommend the elimination of wasteful and unreasonable spending.

As you can see Dennis and I have very similar views. I would appreciate the opportunity to represent the people of District 36 at the capital to ensure their voice is heard. I have dedicated my life to serving the people of my community and would love to pursue my mission at the capital.

Thank you for your consideration of my interest and qualifications.

Sincerely yours,

Jonathan M. Hernandez
