CLARK COUNTY WATER RECLAMATION DISTRICT
BOARD OF TRUSTEES
AGENDA ITEM

Issue: Set A Public Hearing

Petitioner: Richard Mendes, General Manager, Clark County Water Reclamation District

Recommendation:
That the Clark County Water Reclamation District Board of Trustees set a public hearing date for 10:00 a.m. on June 21, 2011, to consider and act on proposed changes to the District’s Rate Resolution 11-002 (A Resolution Amending Sewer User Regulations and a User Charge System, and Providing for the Collection of Sewer Development Approval Fees by Clark County Water Reclamation District). The changes represent the introduction of fees and charges for recreational splash pads.

FISCAL IMPACT:
Fund # N/A
Fund Center: N/A
Description: N/A

Fund Name: CCWRD
Funded Pgm/Grant: N/A
Amount: N/A

BACKGROUND:
This agenda item is to set a public hearing date in order to take comments and to act on proposed changes to Section 4(2) and Section 4(4) of the District’s current Resolution 11-002, which governs sewer use regulations and the user charge (rate) system to include recreational splash pads.

Recreational splash pads are a type of water feature that can discharge a substantial amount of water into the sanitary sewer facilities. Staff will propose a definition of recreation splash pads, including associated fees and charges, to be incorporated in the revised rate resolution (11-006). The connection fee (SDA) and sewer service charges will be based on the manufacturer's data certifying the average annual water usage and a 30% evaporation rate.

Prior to the Board of Trustees holding a public hearing and approving the proposed changes to Resolution 11-002 (draft copy attached), Staff will notify all District customers through newspaper advertisements (draft copy attached) in compliance with NRS 318 and NRS 237.

This agenda item has been reviewed and approved by the District Attorney's Office.

Respectfully submitted,

RICHARD MENDES
General Manager
