Recommendation:

That the Board of Hospital Trustees approve and award RFP No. 2008-21, Urology Services, to Robert B. McBeath, M.D., Professional Corporation d/b/a Urology Specialists of Nevada; and authorize the Chief Executive Officer to sign the Agreement for Direct Patient Care by Provider.

FISCAL IMPACT:

- $875,000.00 per year for on-call services
- $175,000.00 per year for outpatient urology clinic services

Funded by Operating Budget

BACKGROUND:

On October 19, 2008, RFP No. 2008-21 was published in the Las Vegas Review Journal for Urology Services. On November 13, 2008, responses were received from:

Las Vegas Urology, LLP
Urology Specialists of Nevada

An ad hoc committee reviewed the proposals submitted and recommends the selection of, and contract approval to Urology Specialists of Nevada.

This contract is for urology services wherein Provider will supervise the outpatient urology clinic for a minimum of 20 hours each month, and provide emergency and on-call services to meet the needs of Hospital’s inpatients and outpatients.

The term is from March 1, 2009 through February 28, 2012 unless terminated with a 90-day written notice.

If during the term of this Agreement the patient volume varies substantially from those provided in the RFP, then Provider and Hospital may discuss amending this Agreement to adjust the compensation for professional services to conform with the difference or change in patient volumes.

Staff has reviewed the proposed contract and costs associated, and found them to be equitable for the work to be performed.

This represents an approximate savings of 5% for on-call services or $42,500.00 per year compared to the current contract and a substantial savings over the other proposals received.

Respectfully submitted,  

Kathleen Silver  
Chief Executive Officer  

2/17/2009
