CLARK COUNTY

TERMS OF SERVICE POLICY FOR COUNTY APPOINTEES ON

BOARDS, COMMISSIONS, AND COMMITTEES

Clark County (County) has various different appointed boards, commissions, and committees (boards) that provide input on a wide variety of subject areas that are of interest to the Clark County Board of County Commissioners (Commission). This policy sets forth the terms of service of County appointees on the various boards.

Except as otherwise provided by state law or set forth herein, the limit of service for an individual appointed to a board is two (2) consecutive terms. The limit of service appointed to a Town Advisory Board (TAB) or a Citizens Advisory Council (CAC) is three (3) consecutive terms.

An individual filling an unexpired term with three-fourths (3/4) or more that term remaining shall be considered as having served for a full term for any board including the TABs and CACs. One (1) additional term may be considered for an individual’s appointment, if the Commission determines that there are no qualified applicants. A member may sit out for a term and be reconsidered for appointment in the future.

Consideration should be given to assuring broad County wide participation on boards including gender and ethnicity.

Appointments are not to be limited to individuals from the unincorporated area unless otherwise specified or intended by law.

The following boards are exempted from the requirements herein:

- Air Pollution Control Hearing Board
- Airport Hazard Areas Board of Adjustment
- (Clark County) Board of Equalization
- (Clark County) Board of Fire Appeals
- Combined Board of Building Appeals
- Community Development Advisory Committee
- All other boards that have specific statutory requirements for its members that may otherwise be difficult to locate individuals to fill those positions.
ADOPTED this ____________ day of ________________________ 2018.

BOARD OF COUNTY COMMISSIONERS
CLARK COUNTY
