Children's Justice Act Taskforce Technology Grant

Scope of Work

Clark County Department of Family Services submits the following proposal for utilization of the Technology Grant Award.

Proposal --

1) CCDS will purchase One (1) Tech Computer to facilitate the construction of a new DFS internal website (DFSNet). DFSNet will be used by CPS field staff to access finalized policies and procedures and other department information electronically. CPS field staff will be able to access their policies and procedures remotely through their portable workstations.

2) CCDFS will purchase software that will be used by CPS supervisory and management staff to assist with management of Automated Call Distributor (ACD) reports containing information related to the Hotline and management of non-traditional works schedules for emergency response CPS staff.

3) CCDS will purchase computer monitors to replace old and worn out equipment currently being used by CPS staff.

Expected Results – Remote access to the agency’s policy and procedure documents (which total several thousand pages) will support CPS staff with decision making while in the field. Furthermore, increased precision regarding staff schedules will ensure proper coverage and assist with investigation timelines.
