Recommendation:

That the Board of County Commissioners conduct a public hearing; and approve, adopt, and authorize the Chairman to sign an ordinance to amend Sections 6.130.020, 12.40.010, and 12.40.020 of the Clark County Code for the purpose of regulating noise from portable audio equipment; and providing for other matters properly relating thereto.

FISCAL IMPACT:

None.

BACKGROUND:

This ordinance amends provisions of the Clark County Code that currently regulate noise from portable audio equipment. The ordinance makes the following changes:

1. Places restrictions on the use of portable audio equipment by mobile food vendor vehicles.
2. Makes existing regulations on portable audio equipment applicable to sound amplifiers and similar devices.
3. Makes existing regulations on portable audio equipment applicable to noise that can be heard more than fifty feet from the source of the sound rather than seventy-five feet.

Per Commissioner Giunchigliani's request, the proposed ordinance amendment was introduced at the February 3, 2009, Board of County Commissioners' meeting. A public hearing is scheduled for Tuesday, February 17, 2009, at 10 a.m.

Respectfully submitted,

2/17/2009

VIRGINIA VALENTINE
County Manager
