BACKGROUND:

AB 227 created the Nevada Land Management Task Force (“Task Force”) to conduct a study addressing the transfer of public lands from the Federal Government to the State of Nevada. At its meeting on July 2, 2013, the BCC appointed Commissioner Collins to the Task Force to represent Clark County's interest in the study to be conducted addressing the transfer of public lands.

In preparation for the study, staff identified departments and County-affiliated agencies that could be potentially impacted, either positively or negatively, and requested input from these Departments.

Staff is providing a report on the feedback received from various departments and County-affiliated agencies for direction by the Board.

Respectfully submitted,
